'BETTER THAN A HEAD-ON'

Robert Bevans of 22 Bret Avenue, San Rafael, was driving this car east on San Pedro Road near the Lowry Yacht Harbor at 2:50 a.m. today when "somebody tried to play chicken with me, though I haven't the foggiest notion who." Bevans promptly turned right, figuring that a trip into the San Rafael Canal was "better than a head-on collision." His own head struck and shattered the windshield but he didn't bother with medical help and reported this morning that he just had a bad headache. (Independent-Journal photo)

Yule Display Damaged, But Back On Scene

Courthouse Lawn Has The Nativity Despite ACLU

By BRYCE W. ANDERSON

The Nativity scene went back in its usual Christmas season place on the county courthouse lawn today.

The lighted tableau of the Christ child in the manger is dilapidated. The sheep are missing—damaged beyond repair by weather and vandalism. The Christ child himself has lost an arm to a vandal.

In such disrepair is the scene that directors of the San Raafel Chamber of Commerce, which owns it, had decided not to display it this year.

ON MONDAY

Then, on Monday afternoon, the county board of supervisors heard a letter from Milen C. Dempster of Mill Valley, chairman of the Marin Chapter of the American Civil Liberties Union, reporting "many complaints from residents . . . on constitutional grounds" against the display of the birth of Christ on public property.

An outpouring of demand for the traditional display followed publication of the ACLU protest.

Said Jordan L. Martinelli Jr., chamber president:

'DISREPAIR'

"The San Rafael Chamber of Commerce some time ago decided not to install its Nativity scene on the courthouse lawn this year. The figures of people and animals were in a state of disrepair due to vandalism and weather. It was felt the funds necessary for their replacement should be put toward new street decorations instead.

"However, the recent shocking and appalling attack on the right of people to commemorate an accepted historical event (wihch has, incidentally, tremendous significance for the entire Christian world), has caused the chamber of commerce to reverse its decision."

The chamber directors ordered the display installed "to serve as a reminder of the Christmas story and to stand as a rebuff to those who would destroy our American traditions," said Martinelli.

County Counsel E. Warren McGuire has advised the board

JFK Tackles Goodwill Tour Of South America

Night's Stop Set For Puerto Rico

WASHINGTON (AP) — President Kennedy and his wife took off today on the first leg of a flying weekend visit to Venezuela and Colombia to point up U.S. pledges of aid for Latin-American development.

As they boarded their plane, the president and first lady were smiling and apparently unconcerned about protest demonstrations in Venezuela—some of them violent — against their visit.

The presidential jet lifted at 12:14 p.m. (EST) from Andrews Air Force Base, Md., bound for San Juan, Puerto Rico, and an overnight stop.

The president arranged for Vice President Lyndon B. Johnson to be kept posted "on all matters of importance" while Kennedy is away.

OTHERS AWAY

Both Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara are attending conferences in Paris through the weekend. Officials said this was a factor in announcing special arrangements for Johnson to receive frequent briefings during this period.

Tomorrow the presidential party, which includes several U.S. officials will fly on to Caracas, the Venezuelan capital, scene of armed anti-U.S. outbreaks in recent days. On Sunday, the Kennedys will go on to Bogota, Colombia.

This is Kennedy's first trip to Latin America as president. The aim is to dramatize the Alliance for Progress, his 10-year, 20-billion-dollar program for economic and social advancement in the nations to the south.

OFFICIAL VIEW

The official view is that the "Kennedy no" demonstrations are actions of radical minorities which will be controlled by stable governments and overwhelmed in a popular welcome.

Before taking off for the 1,725-mile flight to San Juan, the President shook hands with the dean of the diplomatic corps, Ambassador Guillermo Sevilla-Sacasa of Nicaragua and representatives of the embassies of Venezuela and colombia.

U.N. Troops Attack With Jet Planes

ELISABETHVILLE, Katanga (UPI) — United Nations forces backed by jet planes and armor smashed close to the heart of Elisabethville today in bitter fighting.

The advance appeared to have been halted by mid-afternoon, but observers expected it to be resumed. Katangese forces said they had beaten back a U.N. general offensive.

The attack started last night with heavy mortar barrages and continued into this morning.

By this morning U.N. infantry and armor had moved to within four blocks of the strategic central post office and the Hotel Leopold II from the north.

At the same time, Gurkha troops poured out of U.N. headquarters in the city's northwestern sector to seize and occupy a golf course.

Two Swedish SAAB jet fighters attacked the Katangese military base at the Kenia township in the south with rockets for the second time in two days.

Two Katangese aircraft were reported to have dropped 20 "home-made" bombs on the U.N.-held Elisabethville airfield last night. There were no accurate reports of damage.

Elisabethville hospital said Katangese military losses were 14 dead and 115 wounded. It said Katangese civilian casualties were 11 dead and 119 wounded.

Katanga president Moise Tshombe accused the U.N. of launching a "terror barrage" with mortars, killing civilians.

One Of Pit Bulls Died 17 Days Ago, D.A. Says

One of nine pit bulldogs, impounded from the Sequeira Ranch in Marinwood in October, died by strangulation at the Marin County Humane Society shelter 17 days ago, the district attorney's office disclosed late yesterday.

Mel L. Morse, executive secretary of the humane society, reported the death of the dog in a letter to the district attorney on Nov. 30. Deputy Dist. Atty. P. Roy Vallarino, who has been in charge of the Sequeira pit-bull dog-fighting case, said yesterday was the first occasion he had to disclose the death of the animal to the Sequeiras' attorney, William O. Weissich. Vallarino said the dog has been disposed of.

Weissich was indignant that the dog's death had not been reported sooner. He said the incident would probably have been kept under wraps even longer had not Judge Joseph Wilson ordered the dogs released for a two-hour exercise tomorrow morning.

The humane society letter to the district attorney, said that about 7 a.m., Nov. 28, Deputy W. A. Alexander of the humane society released the pit bulls from individual inside runs to individual outside exercise runs. After releasing the animals and doing other chores, Alexander returned to find one of the male pit bulls strangled to death. The dog "evidently had attempted to get through the chain link fence to the bulldog in the next exercise run and in doing so had entangled his identification chain in the fence and strangled himself to death," said the report.

Joseph Sequeira, his son, George, and his nephew Clem Sequeira are charged with allowing pit bulls to fight other dogs on the ranch at 200 Miller Creek Road. The trial is set for Jan. 3.

Judge Wilson has indicated he may allow an exhibition boar hunt by the pit bulls. This will be decided next Tuesday.

'Tropic' Jury Deliberating Book's Fate

Eight women and four men jurors in the "Tropic of Cancer" trial went into the jury room at 10:15 a.m. today for deliberation, and appeared to be preparing for a long afternoon session behind the closed door.

At noon, even before ordering lunch, they sent out a rush order to have all 24 copies of the controversial book sent inside, along with all exhibits used during the two-week trial. Exhibits include photographs of the book and portions of the San Anselmo bookstore of defendant Franklin B. Pershina, and a receipt received by district attorney's investigator Antoan W. Adam, who bought the Henry Miller novel from Pershina on Oct. 25.

The possiblity that the jury would not have to rule at all on the obscenity of the book loomed this morning, as the jurors received their instructions.

Judge Leonard A. Thomas explained that four essential points must be proved to establish a violation of law in this case. Jurors must find that (1) the book's predominant appeal

Marin Schools Only Lightly Affected By Flu Epidemic

Marin County schools have been relatively lightly affected by an "almost-influenza" epidemic hitting other part of California heavily, a survey showed today.

Many school districts reported "slightly more than normal" absenteeism but at the same time pointed to other factors than the mystery disease which started two weeks ago in the central California valley and gradually moved north.

School officials expressed hope the outbreak will end before schools resume after Christmas holidays.

San Rafael schools reported "absences about normal" with an average of 10 per cent, Davidson School being highest with 14 per cent. Though San Rafael High School had a 13 per cent report it was explained that some students were out working and others asked for early vacation time.

This contrasted with figures of 20 to 30 per cent in Humboldt and Del Norte Counties, and with action in closing the Lakeport schools Wednesday through Monday due to heavy absenteeism.

"More than the usual number of absentees" were reported in the Novato Unified system yesterday, including both pupils and teachers, according to Asst. Supt. Ralph Giovanollo.

Many of the schools said the absentee rate was higher last week than this. In Dixie School

Tear Gas Shells Fired At Negroes

BATON ROUGE, La. (AP) — Police opened fire with tear gas on hundreds of Negro demonstrators at the East Baton Rouge Parish Courthouse today.

The crack of tear gas shells began as Sheriff Bryan Clemmons shouted to the crowd through a microphone, "We have allowed you to demonstrate peacefully! Now break it up!"

The Negro demonstrators, mostly Southern University students, had broken into wild cheers upon hearing 23 jailed Negroes singing their equality song "We Shall Overcome."

Panama, Cuba Split

PANAMA CITY (UPI) — Panama broke off diplomatic relations with Cuba last night, becoming the second of the 22 new-world nations to do so within a week and the 13th in less than three years.

U.S. Will Step Up Aid To S. Viet Nam

SAIGON, South Viet Nam (UPI) Communist North Viet Nam and pro-Western South Viet Nam today both received pledges of cooperation from their powerful allies, Communist China and the United States.

A high-ranking Chinese military delegation arrived in Hanoi as the south Vietnamese government released a letter from President John F. Kennedy promising stepped-up U. S. aid to fight the Communist guerrilla attacks that are armed and supplied from the north..

In another development, the South Viet Nam press agency reported North Viet Nam has admitted the existance of a serious and widespread anti-government guerrilla campaign among its northern hill tribes. The agency said Communist press reports of the fighting were the first admission of major resistance since North Viet Nam was established in 1954.

Marshal Yeh Chien-ying, head of the Peiping delegation and a vice-chairman of Communist China's national defense council, said his country and North Viet Nam are "close neighbors, relying on each other like lips and teeth."

The delegation, which included five generals and an admiral, came to Hanoi for celebrations of the 17th anniversary of the Communist Vietnamese army. Yeh said the Chinese and Vietnamese armies "will be as eternal as the perpetual flow of the Yangtse and Red Rivers."

WIRE NEWS BRIEFS From Everywhere

Nike-Zeus Set Back

WASHINGTON (AP) — The Army's Nike-Zeus antimissile project is closer than ever to the production stage. But it may not make it again this year —perhaps because of a budget squeeze.

President John F. Kennedy and Secretary of Defense Robert S. McNamara agreed less than three weeks ago that Congress should be asked for money to start preparing for production of the missile killer system which is still being tested.

Last weekend, budget and defense authorities again reviewed the military requests for next year.

Then two days ago, sources said, Army officials received informal word that tooling-up money for the Nike-Zeus may not be included when the budget goes to Congress next month.

Nobody would comment for the record.

Seven Rescued

MIAMI, Fla. (AP)—Seven persons who had clung through the night to a flying boat, tossed by choppy seas, were rescued today by the tug Maggie after a quick run out of Nassau.

The Coast Guard reported that all seven appeared to be all right.

The plane, a converted Navy PBY flying boat, was taken in tow by the Maggie.

Crippled by engine trouble, the PBY was ditched in reef-cluttered Atlantic waters 65 miles south of Nassau last night.

A Florida business associate said the plane took A. Alex Shuford, president of Shuford Mills of Hickory, N.C.; Hal Simms, president and general manager of the Royal Crown Bottling Co. of Hickory; and several other persons from Orlando, Fla., to Caracas, Venezuela.

Conway Kittredge of Orlando, the associate, said he assumed the same party was aboard on the return flight.

Death Sentence

SAN FRANCISCO (AP) — The murder conviction and death sentence of Robert Green Hughes, 27, for the fatal shooting of service station operator John W. Thibodeaux during a 1960 robbery was confirmed by the State Supreme Court yesterday.

Superior Court Judge Joseph L. Call of Los Angeles, who presided over Hughes' jury trial last March 29, will set a date for execution.

U.S. Soviet Talks

PARIS (AP)—Allies worked today on a wording of a declaration approving U.S.-Soviet talks on a Berlin compromise despite the objections of France.

Informed diplomats said the declaration also would include a reaffirmation of the West's readiness to fight for its warwon rights in the divided city if Moscow refuses an honorable agreement.

The Berlin dispute dominated seven days of consultation in Paris which began with a meeting last weekend between French President Charles de Gaulle and West German Chancellor Konrad Adenauer and continued at meetings of the Western foreign ministers and the North Atlantic Treaty Organization ministerial council.

Snow, Sleet, Rain

By ASSOCIATED PRESS

Snow, sleet, rain and cold dominated the nation's weather pattern today.

A fresh batch of cold air from Canada dipped into the north central region, dropping temperatures far below zero in Minnesota and Wisconsin.

It was 26 below zero in International Falls, Minn.

The cold extended into Iowa, with seven below in Cedar Rapids, and in northern Missouri.

Snow and rain hit wide sections of the West. Snow also fell in southern Nevada. Snow changed to rain in interior sections of Southern California.

Postmen's Plea

JACKSONVILLE, Fla. (AP) — December traditionally is "bite the postman season," said Postmaster James E. Workman Jr. in asking Jacksonville residents to keep their dogs penned until after Christmas.

Dogs familiar with regular mailmen often bite temporary carriers employed to help with the heavy holiday mail, he said. Last December 16 Jacksonville postmen required medical treatment for dog bites.

Negro Appeal

NEW ORLEANS, La. (AP)—The Rev. Martin Luther King Jr. has appealed to President John F. Kennedy for a "second emancipation proclamation" to end segregation.

The Negro integration leader made his plea last night after New Orleans officials canceled a Municipal Auditorium mass meeting he was to have addressed.

"You may cancel a meeting," King said, "but you can't cancel the date New Orleans and the South has with destiny. You can't cancel our determination the Negro has to be free in this day and age."

King, who said he would go today to the scene of mass Negro arrests in Albany, Ga., labeled charges he was an agitator as "trumped-up."

Last night's meeting was switched to a church, where about 1,000 persons gave King a standing ovation.

"The hour has come for the President of the United States to issue an executive order declaring segregation unconstitutional on the basis of the 14th Amendment," said King.

SURVIVOR OF CRASH — Cheryl Brown, 13, gestured with her hands yesterday as she talked with her parents, Mr. and Mrs. Morris Brown, at a Greeley, Colo., hospital. Cheryl suffered a broken spine in the tragic bus-train crash that took the lives of 20 children. (AP Wirephoto)

Officials Probe Bus Train Crash

GREELEY, Colo. (AP) Colorado officials searched today for the cause of the school bus-train collision that killed 20 children yesterday.

An official of the Colorado Highway Safety Council said poor visibility resulting from frosted windows may have contributed to the accident.

The council's executive secretary, Merf Evans, said in a report to Atty. Gen. Duke Dunbar that "90 per cent of all school buses in Colorado are overloaded."

This was not a factor in the Greeley tragedy, however. The bus load was 23 passengers below its capacity at the time of the crash.

Thirteen children are in a hospital. Four others among the 37 children aboard were treated and released. The driver, Duane Harms, 23, suffered minor injuries and shock.

They were in a late model, 60-passenger bus sliced apart at 8:05 a.m. by the Union Pacific's 16 car passenger train, City of Denver, at a rural crossing near here.

The streamliner, 90 minutes late because of Christmas baggage delays en route from Chicago to Denver, was traveling 79 miles an hour. Railroad officials said that was normal speed.

Herbert F. Sommers, 64, a Union Pacific engineer for 22 years, said the bus did not stop at the crossing, marked by wooden crossarms and a road sign.

"He stepped on the gas and drove right in front of the train," Sommers said.

Harms, a school bus driver since last September, said "I think I did stop. Well, I'm quite sure, because I usually do."

Fireman Melvin C. Swanson, 48, said "I thought he (Harms) was going to stop—hoping he was going to stop. Then he drove right in front of the train."

Jerry Hembry, 16, a bus passenger, said, "The bus stopped and then started up again."

Colorado law requires a school bus driver to stop within 50 feet, but not less than 10 feet from the nearest rail, look and listen for trains.

State patrolmen said the diesel locomotive struck the rear of the bus near the dual wheels. These wheels and four rear seats were dragged 455 feet down the railroad. The main section of the bus was hurled 192 feet.

Sommers said he applied the emergency brakes about 50 to 75 feet before the impact. The train traveled about a mile beyond the crossing.

The crash was Colorado's worst highway accident. In 1957, 13 migratory workers were killed in a truck-train collision near Rocky Ford.

U.N. Showdown Vote Due On China Today

UNITED NATIONS, N.Y. (AP) —The General Assembly headed for a showdown vote today on Communist China's annual bid for United Nations membership. The United States was still confident the Reds would be kept out.

Balloting was expected late today on whether to give Nationalist China's seat in the world organization to the Pieping regime. The assembly for two weeks has debated the issue the United States had managed to keep on the shelf for 10 years.

Four votes were anticipated.

1. On a motion to give priority to a U.S. resolution declaring the China issue a question of substance requiring a two-thirds majority for adoption. But the priority resolution itself is procedural and requires only a simple majority for passage.

2. On the U.S. "substance" resolution itself, another procedural issue requiring only a simple majority.

3. On a neutralist amendment to give the Chinese seat to Peiping but to drop the Soviet demand for expulsion of the Nationalists.

4. On the Soviet resolution to expel the Nationalists and seat Peiping.

White, Negro Leaders Meet

ALBANY, Ga. (AP)—White and Negro leaders met again today seeking a solution of differences that led to mass demonstrations against segregation practices.

This south Georgia city was quiet as the three-member negotiating teams met.

Negro leaders set three conditions for calling off the demonstrations that led to the arrest of more than 550 persons since Sunday night.

They are asking dismissal of charges against all those arrested, including about 200 still in custody, immediate and total desegregation of bus and railway terminal facilities and appointment of a biracial committee.

Lagunitas School Annex Meet Tonight

Inspection, architect's recommendations and additional approvals of the $285,000 annex to Lagunitas School will be discussed at the Lagunitas School District board meeting tonight, Supt. Clifford L. Fry said today.

The meeting will be at 8 p.m. at the school.

The annex of more than 11,000 cubic feet consists of five classrooms, including a science room, plus a multi-purpose room and an administrative office.

U.S. Seen Orbiting Space Man 24 Hours

HOUSTON (UPI) — America plans to orbit a spaceman around the earth for 24 hours next year.

Walter C. Williams, deputy director of the Houston manned spaceflight center, revealed these plans by the National Aeronautics and Space Administration last night in a talk before the Gulf Coast chapter of Signa Delta Chi journalism fraternity.

He said the astronaut would make 18 trips around the earth before being brought back.

Early next year, NASA plans to send an astronaut into orbit three times around the earth. The trip is expected to last four and one-half hours.

Williams said the 24-hour orbital flight will be the next step, and should come within the next 12 months. He mentioned the day-long flight in outlining NASA's plans for an eventual shot to put man on the moon.

Williams said the third step in the current Mercury program will be a space shot with a vehicle carrying two astronauts.

"This would bridge the gap between the Mercury and apollo (moon shot) programs," he said.

Williams explained that the two-man space vehicle will be capable of "rendezvousing and docking" in space with another manned vehicle. It would be able to transfer men or equipment and blasting off, while in orbit, for the moon.

Handicapped Fund Drive Under Way

"Open your hearts and your purses so you will be happi yourself for having made Christmas happier for the handicapped and crippled," urged Mrs. Evelyn B. Levy of Greenbrae today.

Mrs. Levy is chairman of the fund drive of the Marin County Society for Crippled Children and Adults, now under way.

Grant Will Aid Chemistry Education At Terra Linda

A new $956,000 grant to the University of California will help keep Terra Linda High School's Chemistry Education Material Study rolling through a second year, it was announced today. The study is a "space age" project.

The grant from the National Study Foundation raises to more than two million dollars the total foundation funds put into "CHEM Study" courses being conducted in 100 schools across the nation with Terra Linda as Marin County's representative.

The course puts heavy emphasis on the energy and rate of chemical reactions. These are keys to control of chemical reactions in propelling space vehicles and for many other uses according to George C. Pimentel, head of the study's textbook-writing team.

Principal Webster Wilson of Terra Linda said the new grant seems to be merely for sustaining purposes and will not effect change in what the high school is doing. Chemistry teacher Clifford Georgison, head of the school's science department, is now teaching 55 students in two identical classes.

Spanish War Camp Needs Meeting Place

John H. Harris Camp 18, United Spanish War Veterans, still in existence 63 years after the war its members fought, appealed today for aid in finding a place in San Rafael where the camp and its auxiliary can meet once a month.

"Many communities have provided suitable meeting places for their war veterans," said Past Commander Edward L. Keber. "However the John H. Harris Camp 18 of San Rafael, having paid rental for 56 years for a monthly meeting accommodation, finds itself with a depleted membership and treasury. Now it is purely a question of survival."

Keber said the camp now has nine members "but only two of them are on their feet." He said the auxiliary numbers about 24 widows of veterans.

The camp has been meeting at noon on the second Monday of each month in the San Rafael Odd Fellows Temple. Keber said the camp does not see its way clear to paying the rent more than three or four more months.

He said he thought there were sons and grandsons of the soldiers of 1898 living in San Rafael willing to contribute "not money . . . merely a place to meet."

Heating Firm Open Outlet

Atlas Heating Co., 58-year-old San Francisco firm, has opened a Marin retail outlet at 2092 Highway 101 near Lucky Drive, it was announced today.

James Rhoads, branch manager, and Richard Rolley, assistant manager, said the Marin branch is equipped to do power cleaning, furnace replacement and new cut-in heating installations.

In addition the branch will service controls and gas furnaces of any make.

Atlas Heating, with headquarters at 557 Fourth Street, San Francisco, has made installations in subdivisions in San Rafael, San Anselmo, Mill Valley Ross, Kentfield, Corte Madera, Novato, Fairfax and Strawberry Court, they said.

Their firm is the 10th largest furnace manufacturer in the country and the largest heating dealer, they said.

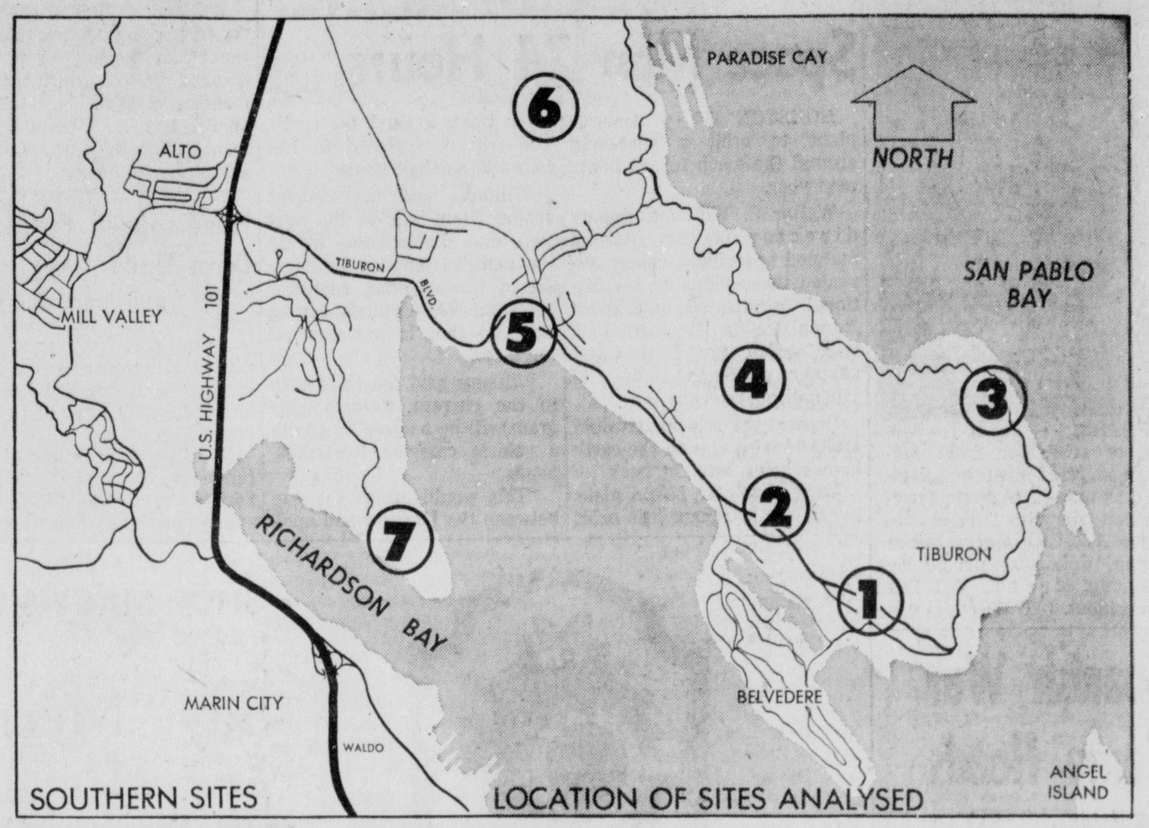
TAMALPAIS DISTRICT UNVEILS SITE PROPOSALS

Tamalpais Union High School District trustees have invited trustees of the 11 elementary school districts within the Tam District's boundaries to send representatives to a board meeting at 8 p.m. Monday at the district office at Redwood High School, where 13 proposed sites for new high schools will be presented by Ralph B. Priestley, district architect. Six of the sites are in the San Geronimo Valley, and are indicated by numbered circles on map above. The district hopes to buy one of these next year for a school to serve rapidly expanding population in the area from Fairfax west.



SEVEN SITES IN SOUTH — Of the 13 proposed high school sites to be discussed at Tamalpais Union High School District board meeting Monday night, seven are in the southern portion of the district: one on Strawberry Point, one near Paradise Cay and six on the Tiburon Peninsula. The district hopes to buy one of these next year from the $604,000 on hand for site purchase from last year's bond issue authorization. This map and that showing sites in northern part of district were prepared by Jack Lucey, Independent-Journal artist, from maps which will be shown at the board meeting.

Ross Council Given Flood Control Plan

Information on a proposed project, almost 20 years old, to control flooding of Corte Madera Creek was given the Ross Town Council by three county officials and a government engineer last night.

The council then took the matter under advisement. The project, discussed for one hour and a half, occupied the major portion of last night's session.

William D. Fusselman, chairman of the county board of supervisors, related history of discussions that began in 1942 and a thorough study he said had been made by Army Engineers since 1955.

He estimated Ross and other towns and cities along the creek, and the county would have to pay $26,000 a year maintenance on such a project.

Bertrand H. Voss of the Army Engineer District in San Francisco said a report has been submitted to the Board of Engineers in Washington for decision.

If the report is approved, he said, the recommendations would be included in an omnibus bill to be introduced in Congress. It would then be up to local interests to give their approval by ordinance, resolution or vote.

The government would require local authorities to arrange rights of way and relocation of utilities would be reimbursed by the state. Preliminary discussions with state officials on this have been held, Voss said.

County Counsel E. Warren McGuire and Public Works Director Marvin W. Brigham also gave background on the project.

The council denied an application by F. Harold Schutte of 28 Loma Linda to build an open deck on the rear of his non-conforming house to within 17 feet of the rear yard line.

Alphabet Display For Larkspur

A display showing the background and history of the alphabet, made up by children in the Larkspur school district, adorns the walls of the district office.

Another display made by the children shows the volume relationships between cubes, pyramids and cones.

Supt. Vaughn D. Seidel said all interested parents are invited to see the displays. The district office is at 20 Magnolia Avenue, Larkspur.

Sparrow Named To Novato Unit

Jack Sparrow was named permanent chairman of the Novato Parks and Recreation advisory commission at its organizational meeting last night in the community clubhouse.

Robert KcKeay was named vice-chairman.

Named to a committee to formulate rules and procedures for the commission were Mrs. Ethel Lagel and Thomas Dent.

Boy Hit By Car Still Is Critical

Yule Vacation Starts For Marin's Schools

Sixteen days of Christmas vacation began for about 34,500 children and young people enrolled in Marin County public schools with the close of classes today.

They'll go back to their books Jan. 2.

Students of some private schools were already enjoying holidays. San Francisco Theological Seminary in San Anselmo closed last Friday, to reopen Jan. 2. Katherine Branson School in Ross began its holiday, to return the same date.

On the other hand, parochial school pupils will have Monday classes before beginning a holiday which also winds up with New Year's Day. And San Rafael Military Academy will not officially be on holiday until after a ball in the gymnasium next Wednesday night. Classes there also will resume Jan. 2.

Dominican College, Upper and Lower Schools all closed for the holidays this afternoon, but will resume on different dates: the college on Jan. 8, Upper School on Jan. 3, Lower School on Jan. 4.

Marin Catholic High School, Three-R School and Marin Country Day School will have the same holiday period as the public schools.

Nursery School Planning Session

To meet a demand for additional enrollment, the Nursery School of the Marin Jewish Community Center will start an afternoon session next Feb. 5.

Mrs. Libby Byers, head teacher, will work directly with the afternoon session which is open to children who were four years old before Dec. 1. The session will meet Mondays, Tuesdays and Wednesdays from 1 to 3:30 p.m.

Parents wishing to enroll their child should register at once, since enrollment is limited, said Mrs. Byers.

New Garbage Ordinance Set For Gallinas Valley

Las Gallinas Valley Sanitary District directors last night adopted a new garbage ordinance agreeing with the present rate of $1.60 per month for service.

In adopting the ordinance, the directors renewed a 10-year franchise with Marin Sanitary Service to haul the garbage.

The $1.60 rate is for single-family residences.

The board also heard a letter from Marvin W. Brigham, county public works director, asking annexation of the Venetia harbor maintenance district to the sanitary district.

The directors said they will agree to annex the maintenance district, which consists of 94 homes, if the residents agree to share the costs of the connecting sanitary lines.

Novato Invitation

Aimed at closer working relations between the senior and junior chambers of commerce at Novato, directors of the senior chamber last night invited the junior chamber to send a member to the senior chamber's board meetings.

THEY LOOK ALIKE . . . THEY WERE ALIKE!

THIS SET CAME FROM KLEIN TV

Both sets are the same. Both cost the same. The set from Klein TV was checked on arrival from the factory. The set was again checked before delivery. A third check was made in the home after complete installation was done by a Klein Technician crew. The buyer is a happy customer for his reception is the best on the block and operation has been service free. We aren't the smoothest talking salesmen in town—but sets we sell are trouble free. We know how to adjust them for peak performance . . . and as important we know Marin, and how to install for the best results in your locality. It pays in satisfaction to buy from technicians and it costs no more. You'll want that kind of service for yourself and especially for gifts to others.

THIS SET CAME FROM ANOTHER AGENCY

The picture in this set was hazy. Servicemen were called to the home five times in nine months for minor adjustments and tube replacements. The neighbors received more stations. The customer was unhappy. He blamed the set. There was nothing wrong with the set. Nor did the salesman misrepresent the set's features. The seller had neither the trained technician or equipment to discover these small irritating factors. The installation had been jobbed out to another organization.

DEATH FOR EICHMANN—Adolf Eichmann stood in the bullet-proof box in Jerusalem court yesterday as he heard the three-man Israeli tribunal sentence him to death by hanging. A guard stands with him. (AP Wirephoto)

Eichmann Told Must Hang; Attorney Plans To Appeal

JERUSALEM (UPI) — Three Israeli judges told an icily calm Adolf Eichmann today that he must "hang by the neck until he is dead" for masterminding the Nazi slaughter of six million Jews during World War II.

It took only 12 minutes for the judges to condemn Eichmann but because of appeals it may be four months before it is finally decided whether he will die at the end of a hangman's rope.

The 5-5year-old Eichmann, standing stiffly erect in his bullet-proof glass box, did not even blink as presiding Judge Moshe Landau pronounced the words he had fully expected to hear.

Only an occasional twitch of the right side of the mouth betrayed the fact that he was anything but a statue. He appeared drained of emotion by the four months of the trial and the four months of waiting while the three judges had considered the verdict.

Defense attorney Robert Servatius immediately announced he would file an appeal within 10 days to the supreme court.

His assistant, Dieter Wechtenbruch said the appeal would challenge the competence of the court to try Eichman because the trial was based on "retroactive law applying to a a time at which the state making the law did not exist."

Besides the appeal to the supreme court Eichmann also could appeal for mercy to the president of Israel and the parliament must pass a special law enabling the execution. Israel law at present does not provide for carrying out a death penalty.

The courtroom was packed as Eichmann was brought in. The judges filed in 19 minutes later and toward the end of the waiting period Eichmann started rubbing the thumbs of his folded hands. Then he composed himself.

Earlier this week the court had explained its reasons for finding Eichmann guilty of all 15 counts of the indictment charging him with crimes against humanity, crimes against the Jewish people, a war crime and membership in illegal organizations.

FOR GOOD WILL TOWARD MEN—James R. (Rad) Ingram (seen among the figures in the manger) completes installation of Nativity scene on Marin County Courthouse lawn. The San Rafael Chamber of Commerce had the scene installed today, despite the fact that some figures are missing and others are damaged, as result of an American Civil Liberties Union protest against the display as violating separation of church and state—and of the outcry that followed the protest. (Independent-Journal photo)

of supervisors he finds no legal bar against the display.

So today, the figures of Mary and the Christ child (both of which were stolen from the scene in 1957 and recovered later in damaged condition), and of Joseph and the animals (except the sheep, which were damaged beyond repair) returned to their familiar places.

Meanwhile, backing for the chamber's decision appeared in formation of a group calling itself the Committee for the Preservation of the Meaning and Message of Christmas in Marin.

Fred H. Field, Mill Valley architect, was elected chairman by the committee. He announced it was formed as a result of "the doubt expressed as to whether there would be the traditional display of the Nativity scene on the courthouse grounds."

Said Field:

"The committee is concerned about the attempt to remove the display on grounds that it is unconstitutional.

"We enjoy a public holiday on Christmas in recognition of the Christian heritage in our American culture. The message of 'peace on earth, good will toward men' is certainly one that all Americans, regardless of faith or denomination, might well respect and cherish in these critical times.

"The observance of the Christmas holiday by the American people carries with it the responsibility of preserving this basic message, the honoring of One whose birth marked a revolutionary point in history wherein man's relationship to his fellow men became a force for good."

Martinelli said the chamber of commerce had not yet heard of the existence of the committee when it ordered the display installed. But similar feelings had been expressed in many calls to him and other chamber directors, he said.

So the lights will glow tonight, as they have during many past Christmas seasons, on the familiar manger scene on the courthouse lawn — thanks to the American Civil Liberties Union.

San Rafael Planners Clean Slate

Five items were considered by the San Rafael Planning Commission at an adjourned meeting today, finishing business on hand and clearing the way for no further meetings until Jan. 9.

Architectural approval was granted for the P. J. Tarrant proposal for a 10-unit apartment on Ross Street between Clark and Marin Streets and also for extension of an existing dump on Francisco Boulevard West toward its southern end.

The planners allowed Dirk LaFerte to combine lots to provide one new building site at 345 Paloma Avenue provided he brought the existing roadway up to standard paving.

A use permit was granted Latipac-Perini for removal of up to 9,000 cubic yards of dirt at Marin Bay Unit No. 2, with 60-day time limit and strict prevention of dirt littering by trucks.

There was a discussion of municipal parking lots not immediately adjacent to commercial or manufacturing premises and City Planner James R. Garrett was instructed to obtain an opinion by the city attorney's office as to legality of such lots.

Student Given A Scholarship

Ralph Weule of Santa Rosa will be awarded a scholarship by the North Bay Chapter, International Footprinters Assn., at its Christmas party at 7 p.m. today at Franchini's Le Chateau, north of San Rafael on Highway 101.

Weule has completed a course in law enforcement at Santa Rosa Junior College and plans additional studies in the field. He has been working in the Sonoma Conty sheriff's department.

The I.F.A. scholarship is set up to aid worthy law enforcement students.

District, present absenteeism was 6 to 8 per cent this week with measles and chickenpox contributing, and with Vallecito highest with 14 per cent absenteeism.

Kentfield School District reported 100 absent yesterday, out of 1.419 enrollment, but 170 absent on Dec. 1. Tamalpais High School District had 487 out of 4,341 absent yesterday, 538 absent two weeks ago.

Larkspur School District had 140 absent yesterday out of 1,797 enrollment. School authorities said more were out two weeks ago.

Edward C. Pino, superintendent of Reed School District, said that among both pupils and staff "we have had only the normal amount of absenteeism due to colds and sore throats."

Last week there was abnormally high absenteeism in the Mill Valley School District, said Supt. G. Robert McConnell, but during this week the situation has been normal.

Lagunitas absenteeism was termed "spotty," with some classes suffering heavily and others with no absenteeism.

Rumors Of Sabotage On Transit Reported

T. J. De Lasaux, Marin County director of the Bay Area Rapid Transit District, said today he had heard "rumors" all over the county that Murphy and his gang are trying everything they can to sabotage rapid transit so far as Marin is concerned."

He referred to Leland S. Murphy of Inverness, a director of the Golden Gate Bridge and Highway District.

De Lasaux said the bridge district's transit committee had had "names for a month" to submit for a three-man engineering panel to advise whether rapid transit trains can safely use the bridge — "and they've done nothing."

He said Adrien J. Falk, president of the rapid transit district, had contacted Ben K. Lerer of San Francisco, chairman of the bridge transit committee, and received assurance that "something will be done" Monday or Tuesday.

De Lasaux said he hade his charge at a meeting of the transit district yesterday which re-elected Falk for another one-year term and elected George Silliman of Newark vice president to replace John Cummings of Contra Costa County.

De Lasaux said, "I have every respect for Leher," but "I have heard the rumors about Murphy and his gang all over the county — and I believe them."

Terra Linda Recreation Bids Opened

Bids on a swimming pool, clubhouse and landscaping for the Terra Linda Recreational District were opened at 11 a.m. today outside the county clerk's office in the court house at San Rafael. Decision on award of contract is to be made by directors of the district sometime next week.

Low bidder on the clubhouse project was L. E. Weisenburg Jr. of San Rafael at $36,568, with addition of $13,794 for Alternate B. Ravell and McConell of Palo Alto bid $37,890 and $19,000.

Ravell and McConell bid low on landscaping at $78,787 with $14,649 additional for Alternate A. Watkins and Sibbald came in next with $88,057 and $11,617. Ceccotti and Son bid $89,900 and $14,443. A. and J. Shooter's bids were $97,822 and $12,693.

Sole bidder on the swimming pool was Orinda Pools Inc. of San Rafael at $56,500.

It was understood the bids were under estimates and within the money available from a bond issue authorized in September.

Treated For Injuries

Edwin J. Burch, 67, of Tomales was treated for head injuries at Hillcrest Hospital in Petaluma yesterday after he fell on the sidewalk in downtown Petaluma.

'TROPIC'

Continued from page 1

is to prurient interest, (2) that prurient interest goes substantially beyond the customary limits of candor in dealing with matters relating to sex, nudity or excretion as established by contemporary standards, (3) that the book taken as a whole is utterly without redeeming social importance, and (4) that the defendant sold the book knowing that it is obscene.

If any of these points cannot be proved, then Pershina would be innocent.

Therefore, if the jurors so choose, they could decide that Pershina did not know the contents of the book and could not be guilty of the charge.

On the other hand, if the jurors decided Pershina knew the contents, they would have to decide on whether the contents are obscene.

Defense attorneys Charles W. Pierce and Lawrence Goldberg defended both the book and the bookseller in final arguments this morning.

"Learned men of letters don't know the book is obscene," declared Pierce. "And yet you are being asked to say that Mr. Pershina knew it was obscene . . . In the name of justice, I ask you to acquit Franklin Pershina."

Dist. Atty. Roger P. Garety pointed out that Pershina had 50 copies of the book in his store. "Do you think he had the books there becasue he thought it would enrich people and because it has redeeming social importance?" he scoffed. Garety quoted a passage, "If hungry, go out like a hyena, and if rape is the order of the day then go out and rape."

"Social importance?" he scoffed. "Find it!"

Garety asked for a guilty verdict, telling jurors that your judgment will mirror the conscience of the community."

Completion Delayed

Completion date for the $68,400 addition to the Tomales Bay Elementary School has been postponed to Dec. 27, it was announced today. Initial estimate by architect Charles J. Woodbury was that the three-classroom addition would be finished today by Fostmeier Construction Co. of Petaluma.

$206,698 School Contract Awarded

Zoellner Construction Co. of Ross last night was awarded a contract of $206,698 by Mill Valley School District trustees for construction of six classrooms at Edna Maguire School and three classrooms at Alto School.

Zoellner's bid was the lowest of four.

Fostmeier Construction Co. of Petaluma was awarded a contract at $62,750 for a three-room addition to Marin Terrace School. Other bidders were E. Bridges of Novato, $64,830; Olsen Construction Co. Santa Rosa, $65,849; Zoellner Construction Co., $69,365, and R. S. Miller, San Rafael, $69,770.

Bids for additions to Old Mill and Tamalpais Valley schools will be received about Feb. 1.

Construction on Edna Maguire, Alto and Marin Terrace is expected to start within two weeks, Supt. G. R. McConnell said, and all five projects are expected to be completed by the opening of the 1962-63 school year next September.

New Top School Salary $9,510

The Independent - Journal erred Wednesday in reporting the maximum salary in San Rafael schools including a $150 increase voted Tuesday by the board of education, is $9,900 per year.

The new top salary is $9,510. However, Philip Olsen, chairman of the San Rafael Teachers Assn. salary committee, pointed out that this is the maximum under a special "step 4," to qualify for which teachers must take 12 hours of advanced college courses apart from those regularly required.

The top salary of the regular scale, without the special step, is $9,030.

Italy's population is 51 million.

United Cerebral Palsy Yule Fete Slated Sunday

Santa Claus will distribute gifts Sunday at the Christmas Party for handicapped youngsters sponsored by United Cerebral Palsy of Marin from 2:30 to 5 p.m. at the Corte Madera Recreation Center.

Therapists carefully selected a gift for its suitability for each individual child, according to Mrs. William B. Hickman of Tiburon, party chairman. The young guests also will receive additional gifts, including Christmas stockings made and contributed by the Indoor Sports organization.

Carol singing also is on the program. Refreshments will be served with the help of the Handicappers, teen-age group organized to care for handicapped persons and study their problems.

Others contributing to the party are the Marin Society for Crippled Children and Adults, San Rafael Junior Chamber of Commerce, Larkspur Girl Scout Troop 140, and Borden's Dairy.

Neuberger Surgery

PORTLAND, Ore. (AP)—Sen. Maurine B. Neuberger (D-Ore.) underwent minor throat surgery yesterday.

Her physician said a cyst just above Mrs. Neuberger's vocal cords was removed.

Mrs. Neuberger was released only last week from a hospital where she had undergone surgery for removal of a cancerous tumor of the large intestine.

NEW LIBRARY GOING UP AT DOMINICAN

The steel frame has begun to rise for the new library building at Dominican College in San Rafael, scheduled for completion during the next academic year. The building will make extensive use of glass and will harmonize architecturally with Guzman and Angelico halls on the Dominican campus. It was designed by architect Henry Schubart Jr. and is being built by Cahill Brothers. It will have a capacity of 80,000 books. (Independent-Journal photo)

Marinites Win Army Cash Awards

Frank P. Kirschenheiter of 15 Mercury Avenue, Tiburon, has $200 of Christmas spending money because of superior performance in his work at the post transportation section of Presidio of San Francisco.

The $200 award to Kirschenheiter, who is traffic manager, for "his marked foresight and skill which directly influenced the success of the transportation mission," was announced today by Sixth Army Headquarters.

Other Marinites receiving timely awards as part of the incentive awards program at the Presidio were:

Mrs. Patricia M. Challender, 42 El Camino, Corte Madera, contract assistant in the purchasing and contract section, $150 for sustained superior performance.

Charles Ferrario, 95 Ryan Avenue, Mill Valley, in the maintenance section, $45 for a suggestion resulting in saving of $1,500.

Lillian A. Glassock, 190 Forrest Avenue, Fairfax logistic services clerk in the commissary, $37.50 for a suggestion.

Mrs. Alice O. Kmetz, 2480 Paradise Drive, Tiburon, secretary in the office of the commanding officer, certificate of outstanding performance.

RECEIVES PROMOTION—Gerard J. Enright, 766 Appleberry Drive, Lucas Valley, has been named general sales manager of Pacific Far East Lines, Inc., with head offices in San Francisco. He joined the firm in 1955 as district freight agent and was made general sales agent last year. Enright is a native of New York.

Real Estate Firm Asks Incorporation

A Marin County real estate firm, Bay Counties Realty Corp., has filed articles of incorporation with the office of Secretary of State Frank M. Jordan, to be capitalized at $75,000 in $10 par shares, ft was announced today.

Directors of the company were listed as Monty W. Connery, 150 Alder Avenue, San Anselmo; Edward L. Cragen, San Francisco, and B. E. Callies, 106 Edison Avenue, Corte Madera.

Connery said the firm was previously known as Brown Realty at 500 Red Hill Avenue, San Anselmo, and will continue to maintain its office at the same address. The corporation has recently been accepted as a member of the Marin County Real Estate Board.

Catholic High Presents Trophy For Best Actress

Helen Mendez, daughter of Mr. and Mrs. Joseph Mendez of 469 Molino Avenue, Mill Valley, won the trophy for best actress for her portrayal in Anton Chekhov's "The Boor," which she also directed, in the dramatic arts contest Wednesday night at Marin Catholic High School.

Irene Sarocka, daughter of Mr. and Mrs. Peter Sarocka of 160 Corte Anita San Rafael, won first honors for the best-directed play, John Kirkpatrick's "A Wedding," in which John Jones as Bob Tisdale and Dennis Fleming as Ted were judged among the five best actors.

Russell Taylor and Ker Bowerman played supporting roles with Miss Mendez.

"The Rehearsal," directed by Sharon Kyle, rated two acting awards. Kathleen O'Connor and Diane Ghilotti took second and fifth places respectively. Miss Marna Maynard, speech program director, produced the program.

Inmate Prizes

FOLSOM PRISON (UPI)—Two Folsom Prison inmates, Calvin Monroe James and N. G. Pinto, recently won prizes in a Readers Digest writing contest. They were awarded $25 each.

Estero Lagoon Permit Is Asked

Drakes Beach Estates, Inc., has applied for a Department of the Army permit to dredge and fill in a lagoon forming the easterly arm of the Estero de Limantour within Point Reyes Peninsula, Col. John A. Morrison, district engineer for the Corps of Engineers, announced today in San Francisco.

The petitioner, of 935 Lootens Place, San Rafael, proposes to dredge in the lagoon to a depth of three feet below mean lower low water. The epproximately 230,000 cubic yards of dredged material would be placed at an elevation of eight feet above mean lower low water on lands next to the area to be dredged.

Colonel Morrison said any objections, based on alleged threats of the project to navigation should reach his office at 180 New Montgomery Street, San Francisco by Jan. 12.

Pledges Fraternity

Terry James Forsyth, son of Mr. and Mrs. Robert C. Forsyth of 108 Coleman Drive, San Rafael, has been pledged to Phi Kappa Sigma fraternity at the University of Oregon at Eugene.

Maguire School Pupils Collect Funds For CARE

Edna Maguire School pupils in Mill Valley have collected money, as they did in the past two Christmas seasons, to give to CARE in lieu of the exchange of gifts in the classroom.

This was announced today by Esther Hessel, vice principal and student council adviser.

She said seventh and eighth graders have purchased a $500 sound projector with stand and presented it to the school from funds the pupils raised by sale of ice cream during the noon hour.

Pupils also bought from the same fund games for rainy days at $25, school pins to be awarded to students who performed services for the school at $35, and certificates for students who have made the honor roll for four quarters of the school year at $42.

Academy Receives 'Superior' Rating

San Rafael Military Academy has received a "superior" rating from the Sixth Army as result of a recent ordnance inspection at the school.

The academy's score this year was 91. Last year, the academy received a "satisfactory" rating with a score of 72.

Dr. Sumner Walters, headmaster, took the occasion to compliment the military staff of the academy on the unusually high rating.

Anti-Red Group Wants Big Probe

LOS ANGELES (AP) — The head of a Project Alert anti-Communism school urges a congressional probe of the State Department and severing of diplomatic and economic ties with the Soviet bloc.

W. Cleon Skousen, former FBI agent, charged yesterday that a professional policy group in the State Department has molded foreign policy under four presidents which has closely paralleled Communist plans.

"I can't understand their motivations," he said. "But it is obvious something is very, very wrong, and I believe all Democrats and Republicans should demand a full-scale investigation be made of the State Department."

He also advocated rewriting the United Nations charter and outlawing the Communist Party in the United States.

Dr. Bella Dodd, a New York attorney who for several years was on the Communist Party central committee, expressed hope "for a miracle even in the heart of the president,' so he will learn who the "false friends" are around him.

She said Communists don't call themselves Communists and hope to seize power in this country under the guise of other descriptions with respectable reputations because they feel Americans would never accept a Communist regime knowingly.

Lloyd Wright, former president of the American Bar Assn., told a news conference he believes in a preventive war and thinks the American people are in the same frame of mind.

"If we had attacked Russia in 1946 when we had the A-bomb exclusively, we wouldn't have all this confusion today," he said.

"I would give notice to Russia to get out of the enslaved Baltic nations within a certain time. If they didn't get out, I would commence shooting."

In his formal talk to the anti-Communism school, Wright demanded that the United States abandon its containment policy and launch a "program for victory."

He said such a program would include: Expelling all socialists; invoking the Monroe Doctrine in waters around North and South America; withdrawal from the United Nations until all members pay their share of the U.N.'s expenses.

Long-Range Expansion Set At U.C.

BERKELEY (AP) — A long-range plan for expansion of the University of California at Berkeley to meet aims set forth in California's master plan for higher education was presented to U.C. regents last night.

By the time the plan's proposals are carried out, the school will probably be the largest graduate training center in the nation and one of the greatest in the world, said Chancellor Edward W. Strong.

"As the Berkeley campus prepares to celebrate its 100th anniversary in 1968, there will be no standing still or leveling out in our striving for quality," said Stone.

Proposals for physical and academic expansion include:

An increase in faculty from the present 1,167 to 1,608 by 1968.

Increased graduate enrollments from the present 6,000 to 12,000 by 1968. The campus ceiling of 27,500 students is expected to be reached by 1964, he said. Present enrollment is 23,713.

Enough new residence halls to house a quarter of the school's students.

New class buildings plus a new undergraduate library, auditorium and theater.

Parking spaces for 12,000 cars.

Mill Valley Chamber Back Down On NWP

Another backer of the City of San Rafael in its fight to keep rail service deserted to the "neutral" ranks Wednesday.

Mill Valley Chamber of Commerce directors, after hearing representatives of Northwestern Pacific Railroad, reversed their stand in opposition to abandonment of 2.46 miles of the railroad's main line serving San Rafael, and took a "neutral" position.

Secretary-manager Granville L. Beedle said the chamber had never heard from the railroad representatives until Wednesday.

The railroad petitioned Interstate Commerce Commission for the abandonment early in August.

In September, the chamber recommended to the city council it go on record against abandonment. The city council did so.

Beedle said he had checked with building material suppliers, contractors and other merchants in the Mill Valley area who reported they have not been adversely affected by the tunnel closing.

L. E. Renner of Southern Pacific Co. and Stuart Mackie of Northwestern Pacific presented the railroad's case to the chamber directors.

The science of hydrology is concerned with the properties and distribution of water.

The highest honor that any Calypso singer or composer can attain is to have his song chosen as the "road-march" for the pre-Lenten Carnival in Trinidad.

Officials Should Represent Us, Not Just Govern Us

Both Behr and Blair have acquitted themselves admirably since the ballot box verdict became known a fortnight ago.

The victor in the recall election, newly installed Supervisor Peter Behr, displayed some considerable intelligence right on election night when he refrained from making any off-the-cuff remarks which might later appear to have been ill-considered.

Ex-supervisor J. Walter Blair, too, has borne his defeat with dignity and grace. Unlike some of his extremist supporters, he has not stooped to impugning the motives of his political adversaries.

But most of all we have been impressed favorably with Behr's conduct since election.

He has had appropriately good words for the way Blair personally behaved during the rather heated recall campaign.

He has been most conciliatory toward Board Chairman William D. Fusselman and Supervisor George Ludy, whose majority control of county matters was smashed when their third man, Blair, met defeat.

Again unlike some of his extremist supporters, Behr seems to give Fusselman and Ludy, as well as Blair, credit for acting in what they believed were the best interests of the county.

Let us hope that Fusselman and Ludy perceive this reasonable and fair attitude on Behr's part; and that they respond in kind.

And let us all remember that Behr as a Mill Valley city councilman established himself as an independent thinker who doesn't always "go along" with the popular current of thought on policy questions. We expect we may even see some 4-to-1 votes on the board of supervisors, with Behr on the short end, before his term is up.

From what we have seen of Behr's behavior so far, we are inclined to believe (as well as fervently hope) that he will remember to be the representative of ALL the people in his district.

This, as we noted in this space early in Blair's term, Blair seemed to forget at times. This, in our view, was the real underlying cause of his ultimate recall.

During and since the recall campaign, there have been statements that the recall device was somehow misused.

We don't think so. Perhaps it would be better used more often when office holders seem to act contrary to the wishes of substantial numbers of their constituents.

In a republic we do not elect office holders to govern us as much as we elect them to represent us. When they don't represent the majority view, a change seems wholly appropriate.

As we say, it might be better if recall became a more commonly used device to keep government representative.

The Magic Of Christmas Spirit

Whether we are rejoicing at the commemoration of the birth of Jesus or merely enjoying the gay, festive mood of the holiday season, the spirit of Christmas infects everyone around this time of year.

Almost everyone is kinder, more generous and more tender-hearted in this magic season. A very able attorney friend tells us that juries are more apt to favor the underdog client during the holidays.

There is something wonderful in the air. It is the spirit of the reformed Scrooge of Dicken's "Christmas Carol." But most of all it is in the spirit of the Teacher who said, "As you do unto the least of these, so you do unto me."

Whether we catch the spirit from the Nativity or from carols and Christmas cards, everyone must agree Christmas is the happiest time of the year.

HAL BOYLE'S COLUMN

Columnist Recalls Christmas When He Was Almost Shot

NEW YORK (AP)—Sometime, years from now, my daughter will ask me around Christmas what I appreciate most.

If I am honest, I am sure I will have to tell her that the sweetest second of my existence was the one after I was sure that a man didn't shoot me through the head.

At the close of World War II, another correspondent and I were poised at Pilsen, Czechoslovakia. It was about 55 miles from Prague, and the Czechs sent men through the lines pleading for the Americans to come and free their capital.

This could not be done. A political line had been drawn.

I asked the commander of our area whether we correspondents might move. He implied he had more important concerns at the moment, and shrugged us free to seek our own dismay.

Cy Peterman of the Philadelphia Inquirer and I took a jeep and drove through 55 miles of fully armed Germans retreating to the West to reach Prague.

It was the very end of the war and the area was in tumult. The citizens of Prague greeted us as if we were the vanguard of the American army sent to free them. We were only two U. S. correspondents in a jeep.

Shortly after Cy and I entered Prague, Russian after Russian came in and the individuals became a series of waves.

I am afraid that I looked like a German sergeant in search of a command. The Czechs knew we were Americans, but the incoming Russians didn't.

Twice the Russians started to shoot us. The Czechs intervened. "Cy, I think we'd better get out of here—our Allies don't seem to know us too well," I said.

We caught up with the retreating German columns and drove through and past them back to the Pilsen area.

As we neared, U. S. patrols were disarming the Germans. They pointed at the roadside ditch, and the Nazis threw down their arms.

CY WANTED a souvenir and stopped our jeep as a German truck paused at a throwaway point. We got down into the ditch to pick up some souvenir guns.

I looked up and there was a German with a pistol pointed at my forehead. I thought, "Well, this is just my luck. At the last moment I have to meet a surrendering German who has enough sense of humor to pull a final trigger."

THERE WAS only one thing to do. I gestured imperatively at the ditch.

He hesitated and then his gun tumbled down into the ditch. I reached down, seized it, and got out of there.

After all these years I am grateful at Christmas to that German who could have pulled that trigger, considered it—and didn't.

WHAT OUR READERS SAY

College Trustees Most Responsible

EDITOR,
Independent-Journal:

Only yesterday (Dec. 5) did my first packet of mail catch up with me in Europe. I was astonished to find several complete files of clippings from your paper on the issue you raised relative to the procedure followed on land purchase by the board of the College of Marin, of which I was a former member.

Since you are virtually a monopoly, having little or no press competition in some areas of the county, your publication should hold an unusually high responsibility to our community.

One can only wish that your management and staff held their responsibility as high as the trustees of the College of Marin have held theirs in creating an institution of which we can all be proud. It is obvious, by your actions, that you do not share that pride.

I regret that I can never again read your publication with the same trust I once held.

Some Questions On Jewel Talk

EDITOR,
Independent-Journal:

I attended Asst. Atty. Gen. Howard H. Jewel's speech to the Greater San Rafael Democratic Club about "The Radical Right Vs. Civil Liberties," on Nov. 29 at the Bermuda Palms.

To hear that both Atty. Gen. Stanley Mosk and Asst. Atty. Gen. Jewel were speaking in Marin on succeeding nights, both men from the same elective office, raises some question in my mind if they are perhaps already on the political trail at taxpayers' expense.

I would like to say a few things about Mr. Jewel's speech:

1. Mr. Jewel said that the attorney general's office is spending considerable time and money investigating these so-called "right wing" groups to find out the **one** person who is organizing these groups. Mr. Jewel said that the results of this investigation so far are that no one person or persons are responsible for their being organized. The conclusion I came to is that the American people are very concerned about the state of our nation and are themselves organizing to do something about it.

2. Mr. Jewel went to great pains to connect all right groups to Mr. Welch of the John Birch Society. Groups that were against Communism were placed in this category. I concluded from this that if you are against Communism you are automatically an extreme rightist. This I do not agree with.

3. Mr. Jewel defended such groups as the American Civil Liberties Union and similar organizations. I have just completed reading several documented publications which state that groups such as the ACLU are questionable in their attitude against Communism. I suggest that the attorney general's office should spend some time investigating these groups.

4. Mr. Jewel was asked from the audience if there wasn't some law, or, if no law, couldn't he pass a law that would prohibit well-known businesses from sponsoring programs against Communism. Mr. Jewel said that his office is investigating this matter. I would question the propriety of government action in such a matter.

5. Mr. Jewel classified the various political groups as Democrat, Republican, conservative and extreme rightist. He failed to mention left-wing and extreme leftist.

There were many more statements made by Asst. Atty. Gen. Jewel that alarmed me. However, I believe that it is only fair to listen to both sides of the story.

I understand that Dr. Fred Schwarz of the Christian Anti-Communist Crusade will speak at San Rafael High School on Dec. 18 about "Communism, Education and Youth." I plan to attend this speaking engagement to hear what Mr. Jewel has classified as a right-wing group, the Christian Anti-Communist Crusade.

REMEMBER WHEN?

10 YEARS AGO

John La Torres was appointed a full-time deputy constable in Novato, following numerous requests for a Grant Avenue crossing guard.

San Rafael telephone users were promised dial instruments within a year. Total cost of the change from a hello-girl system was given as $2,400,000.

20 YEARS AGO

An automobile-bus crash at the Marin approach to the Golden Gate Bridge, with death of two and injury of 19, caused investigation of foglight facilities. A coupe ran in the wrong lane to crash a San Francisco-bound bus in fog with the sodium vapor lights not in operation at 6:50 a.m. because they had been turned off at sunrise, given as 5:01 a.m.

Eight San Rafael policemen petitioned for $10 a month pay raises due to high cost of living. Councilmen sympathized but said, "Where do we get the money?"

TRY AND STOP ME

BENNETT CERF

Radie Harris tells of a time Rosalind Russell was doing a series of one-night stands. She was resting for a performance after a 250-mile journey from her last engagement, and hung a "Do Not Disturb" sign very carefully outside her dressing room.

A half hour later she was awakened from a delicious doze by a persistent knock on the door. She jumped up to open the door and found a little girl with the "Do Not Disturb" sign in her hand. She thrust it at Miss Russell and said, "Please autograph this for me."

Newscaster Ron Cochran likes to conclude his program with a bit of humor. Once the screen flashed the picture of a man who made a tidy fortune out of raising otters. Cochran's comment was, "He sells them to Walt Disney and several otter guys." When another program wound up with a lady upholsterer holding some tacks between her teeth, Ron observed, "Just one sudden gasp and income tax!"

I-J REPORTER'S NOTEBOOK

By RALPH CHATOIAN

Beatnick Kentfield Cat Must Be Searching For His Rightful Place

WHAT DO YOU DO when you have a cat that wanders off for weeks at a time and then returns more fat and happy than when it left?

Mrs. Roger Sausser of Kentfield is faced with this question but has been unable to come up with an answer. Her cat was a stick-at-home when the Saussers lived in Corte Madera but when they moved to Kentfield last year the cat got itchy feet.

The questionable cat is a red tabby that "is real pretty, lazy, and eats like a pig." Its name is Tahzay, which means raccoon in Apache lingo. It is the same name as Chief Cochise's oldest son. (And I mean the real Cochise, not Jeff Chandler.)

When Tahzay first started his disappearing act, it was for only a day or two at a time. As time progressed, the trips began getting longer and longer. The last trip was for six weeks, but he returned.

MRS. SAUSSER EXPLAINS Tahzay is not a tomcat so he should be more the stay at home around the fire type. But she does admit that after a few of the trips in the wild the cat has come home with a couple of torn ears.

One of Mrs. Sausser's prime suspicions is that the little feline has found a second home somewhere and lives with another family for short stays, until he becomes bored and returns home.

How would that be? "I led two lives." Why not? Other cats have nine of them. Maybe Tahzay is really a beatnik and is searching for his right place in life . . . soul searching I mean.

Well, my only suggestion is to hire a private eye to follow the cat next time it takes off. You can find them listed under the TV pages of your local telephone book.

WHILE I WAS listening to the talk last week by Aldous Huxley in College of Marin's Olney Hall, I couldn't help but wonder if any members of the Kentfield Fire Commission were present. Or perhaps members of the Kentfield Assn. of Volunteer Firemen.

Every fire law on the books must have been broken. There were persons crammed in the aisles and along the walls. They were crowded around the exits, both front and rear.

If fire broke out during that talk it would have been real havoc. At least smoking was not permitted in the hall. I think the college was sticking its neck out allowing all the people in that it did.

But all the persons who wanted to see the great author of "Brave New World" didn't get inside. There was jut not enough room. Olney Hall seats only 450 persons. There must have been a thousand.

THE POWER OF the printed word was used by one man to gain entrance to the hall. According to publicity released by the college, tickets would be available at the door prior to the talk, but as the non-ticket holders found out, this was not so.

This fellow marched up to the door with a clipping from the I-J in his hand and pointed to the part of the story which referred to obtaining free tickets at the door before the talk. The gal at the door looked at the clipping and smiled. The man walked in.

JFK Trip To Latin America Part Of Effort To Mend Fences There

WASHINGTON (AP) — President Kennedy's quick trip to Latin America this week—a goodwill mission—is one more effort to mend fences in an area where the United States has often acted like a bull.

It may shock many people in this country, when Latin Americans riot against the United States, to realize not everyone loves us.

But the U. S. record in dealing with republics to the south has been less than ideal. It has been many things, not all of them nice. It has been indifferent, arrogant, unbearable, kind and forgetful.

PRESIDENT MONROE'S doctrine in 1823—that European powers must keep hands off Latin America— wasn't always as real as it was high-sounding.

European powers didn't keep hands off. Some, in fact, moved in and grabbed territory. The United States, despite the doctrine, didn't move in to throw them out by force.

In short, for most of the last century this country wasn't overly interested. There was contempt on both sides. The cultures were different, one largely Protestant and Anglo-Saxon, the other Catholic and Spanish.

In this country President Theodore Roosevelt, speaking more contemptuously than any president of his southern neighbors, not only interpreted the Monroe Doctrine as a stay out of Latin American order to Europeans but as a license for the United States to butt in.

And it did, more than just a few times. For example: American Marines were sent into Nicaragua under President Taft and into Haiti and the Dominican Republic under President Wilson. They stayed for years.

THE UNITED STATES finally got self-conscious under President Harding who tried to repair some of the damage. But it was under President Franklin D. Roosevelt's "good neighbor" policy that the relationship between the Americas entered a new era aimed at cooperation and good will.

Still, there were ups and downs even in Roosevelt's time although it was in this period that the United States shoveled money and other help into Latin America.

After World War II, when communism became a menace in Europe and Asia, the United States pumped money into both areas. In comparison it fed only driblets into Latin America.

South Americans felt neglected and showed it with suspicion and in time anti-American demonstrations. They have resented the help given by the United States to Latin American dictators, help which enabled them to stay in the saddle.

THROUGH THE LAST 30 years or so there have been a number of inter-American conferences to establish better hemisphere relations.

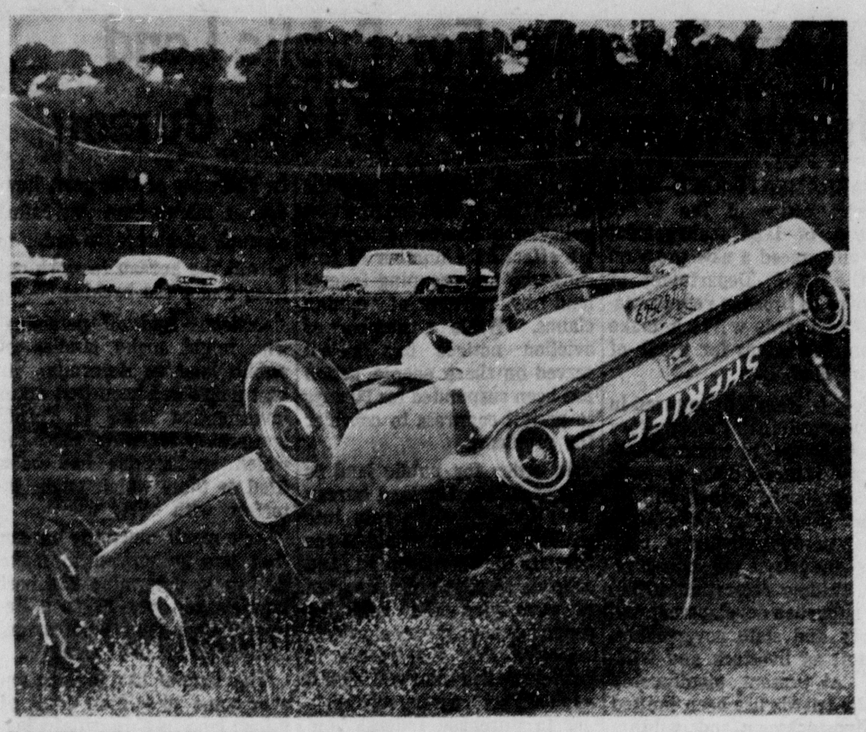
The United States under President Eisenhower, while not directly intervening, interfered in Guatemala in such a way that its government was overthrown and one more pleasing to this country was established.

Under the Kennedy administration, Washington backed a rebel invasion of Fidel Castro's Cuba. It also put warships off the Dominican Republic's coast to discourage the return of a dictatorship there.

Americans perhaps can, or can try to, justify some of the tactics of the U. S. government in the past. For some they can't—at least not on the grounds of being a good neighbor.

Understanding this makes it easier to understand why there is some anti-American feeling in Latin America.

Kennedy, with his program of Alliance for Progress, is trying hard now to create a better and new relationship.



SAVED BY SEAT BELT — Sgt. Edward Mythaler of the sheriff's office, who walked out of this wreckage unhurt, credited his seat for saving his life. Car rolled over twice and is a total loss. Mythaler was able to bowl with the sheriff's team last night and was back on duty today "good as new." He was answering a burglar alarm in Marinwood—a false alarm it proved—when the mishap occurred. (Independent-Journal photo)

Sheriff Flips Over In His Patrol Car

Sgt. Edward Mythaler of the sheriff's office was lucky to be walking around today with only a few minor bruises.

Yesterday about 3 p.m., he was pulled from the wreckage of his patrol car which flipped over several times and was demolished in a ditch near the Marinwood turnoff on Highway 101.

The car landed on its roof, leaving Mythaler hanging upside down, pinned to the seat by a seat belt and by the roof, which had been squashed down almost to the seat. All the car windows popped out, and the shotgun which stands upright against the instrument board was cracked in half.

"The seat belt saved my life," said Sergeant Mythaler as rescuers broke the door and pulled him out of the wreckage. He was examined at San Rafael General Hospital and pronounced in good shape. An hour after the accident, Mythaler stepped briskly into the office of Sheriff Louis P. Mountanos to report he was fine but the patrol car was a total loss.

Mythaler was speeding north to answer a burglar alarm at Lee Brothers Market in Marinwood. Just south of the Marinwood turnoff, he said, two cars slowed down suddenly for road crews that had one of the highway lanes blocked.

The sergeant set the brakes and one of the rear wheels locked. Rather than plow into the cars ahead, Mythaler swung right and headed into the roadside ditch. He said the seat belt held him to the seat, and he recalls turning off the ignition and pulling out the keys while the car rolled over.

When the car ended up on its roof, Mythaler snapped off the seat belt and waited until rescuers reached him. He said he suffered slight bruises on the thighs and under the left rib cage.

The call from Lee Brothers proved to be a false alarm.

Public Hearings Set On Novato Highway Plans

The California Division of Highways today announced a public hearing on alternate routes for freeway development of Highway 101 through Novato will be held Jan. 18 at 2 p.m. in the Novato Cummunity Building.

Maps showing suggested routes will be placed on display in the community building from 3 to 9 p.m. on Jan. 11, said J. P. Sinclair, assistant state highway engineer. Representatives of the division of highways will be present at that time to provide information.

The division is considering three routes through Novato: the present route, one which swings slightly west of the Northwestern Pacific Railroad tracks, one which makes a much wider swing to the west. Still another possibility involves part of the second and part of the third routes.

Redwood High Dance Planned

Snow Ball is the theme of Redwood High School's traditional Christmas dance which will be held tomorrow from 9 p.m. to midnight in the school gymnasium.

The social activities committee is sponsoring the dance. Judy Shenson, commissioner of social activities, said dress has been chosen as semi-formal and students will dance to the music of Bob Olney's band.

The Snow Ball is an annual dance at Redwood, the first having been presented in 1959 by the Redwood Ski Club.

MARIN FIRE CALLS

YESTERDAY:

2:03 p.m., Chileno Valley—Controlled fire of debris on Marada property started small brush fire; put out by county firemen; no damage.

2:25 p.m., Lagunitas — False alarm on Alto Way.

5:02 p.m., Bayside Acres—Fire in upstairs closet of home of W. J. Perrua on Bayview Drive, possibly caused by light bulb too close to clothes; put out by county fire department; damage, mostly to clothing, $400.

6:41 p.m., Woodacre—Illegal fire on lot on Carson Road endangered nearby residents; county firemen put it out without damage, but have been unable to locate and reprimand property owner.

Wrong Council Is Asked For Street Lights

The residents of Bolinas Avenue in Ross, it seems, petitioned the wrong town council for more and better street lights.

The Ross Town Council last night received a petition for more lighting of Bolinas Avenue, down the middle of which runs the invisible line dividing Ross from San Anselmo.

During discussion, however, councilmen said they believe San Anselmo pays for the street lights. Councilman Fred S. Allen was instructed to check San Anselmo city officials regarding what might be done about additional lights.

There are seven street lights along Bolinas, San Anselmo Police Chief Raymond R. Buchignani reported today. The lights hang over the middle of the street. But the poles are all on the San Anselmo side.

And San Anselmo pays the bill.

"Maybe the Ross people should have presented their petition to the San Anselmo City Council," suggested Buchignani.

Editor Chapin Day Condition Satisfactory

He was still in the intensive care unit and permitted no visitors beyond his immediate family.

Personnel Discharge Appeal Hearing Will Start Monday

An open hearing of Stella M. Hughes's appeal against discharge from her job as county assistant personnel director will start at 10 a.m. Monday before the Marin County Personnel Commission.

The appeal, to be heard in the supervisors' chamber in the court house, was originally scheduled to be conducted behind closed doors. Miss Hughes has reversed her original request for a closed hearing, it was learned today.

Miss Hughes has retained a lawyer, Duane W. Anderson of San Francisco.

For this reason County Counsel E. Warren McGuire has assigned Asst. County Counsel Douglas J. Maloney to represent Administrator Alan Bruce, who discharged Miss Hughes Oct. 19 "for cause" in his capacity as personnel director. He had six days earlier offered her an opportunity to "resign on an amicable basis" but on Oct. 18 she declined, he reported.

Subject to confirmation by the commission, the attorneys have agreed to a procedure of adjourning through Monday afternoon, resuming Tuesday morning, adjourning Tuesday afternoon, and if necessary continuing Wednesday. The supervisors use their chamber Monday and Tuesday afternoon, and Bruce is supposed to be present at their sessions.

Following decision of the personnel commission either Miss Hughes or Bruce may appeal to the county supervisors.

Their hearing in turn may be closed or open according to Miss Hughes's preference.

Miss Hughes gave notice of appeal Oct. 27.

Asked today for the specific charges on which he based his "cause" for dismissal of Miss Hughes, Bruce said these would be given immediately upon opening of the hearing and that he felt he should not reveal them yet.

An unusual feature is the long delay before the hearing. By ordinance, there is a 20-day limit after dismissal. But Julius H. Selinger, commission chairman, underwent surgery last month. Miss Hughes said she wished him to be present and he scheduled the appeal for 32 days after the last day of the appeal period with consent of his fellow members.

Bruce asked the personnel commission to disqualify itself from hearing the appeal on the ground that he doubted that all members could judge the appeal with objectivity. The commission denied the request. "My doubt remains," Bruce commented.

With regard to the 20-day limit for appeal, Bruce consulted the county counsel and was told that the limit was mandatory and not to be waived either by request of a party or by commission initiative.

He said, however, he was personally willing to consent to a waver on condition that Miss Hughes agree in writing to waive all rights to retroactive pay arising from the time extension, in event of reinstatement. She did this.

2 Scouters Awarded For Service

Two Scouters of more than 10 years service were awarded the Order of Merit by the Miwok District of Marin Boy Scout Council at a dinner attended by more than 120 persons last night at Hamilton Air Force Base.

Honored as Marin leaders who had contributed outstandingly to scouting were William Moore, institutional representative of the Novato Methodist Church, and Robert Currey, Explorer advisor to the San Rafael Lions Club Explorer Post 18.

Maj. Gen. William F. Dean of Berkeley, for three years a prisoner of the communists in North Korea, was the main speaker. The Congressional Medal of Honor holder stressed his belief in the need of scouting not only for physical fitness but for maintaining strength of young men in freedom and patriotism.

Deputy Dist. Atty. Charles L. Convis, chairman of the Miwok District, was master of ceremonies.

A film strip of the Boy Scout building program was shown. This dealt with the proposed development of the council's campas, Tamarancho and Marin-Sierra.

Bulb Snatchers Going Around To Yule Trees

Mill Valley police said today they have had four reports of Christmas tree "bulb snatchers" in the past two days.

L. Blickensderfer of 113 Valley Circle reported at 6:35 p.m. yesterday that two girls, about 12 to 14, were stealing lights from his tree. He said he chased them three blocks but they escaped.

A 13-year-old boy was reportedly seen taking lights from a Christmas tree erected on Miller Avenue near Locust Street by the chamber of commerce.

Elaine Solheim of 111 Valley Circle reported yesterday that one string of lights had been taken from her outdoor tree. Mrs. A. Cuneo said someone had taken 13 globes from a tree at her home at 35 Juanita Avenue.

DINING OUT AND INNS

By HARRY CRAFT

Here's Good Place That Spends Special Attention To Children

Since it was taken over by the Franchinis, the Chateau just north of San Rafael has become much more of a family spot. Now getting to be known as Francini's Chateau—or simply as Franchini's—special attention is being given to children's needs—the same as at West End Villa—with appropriate youngsters' menus.

Roy Franchini puts it that "it's about as inexpensive to bring the kids as to get a baby sitter." And youngsters CAN learn to behave in a restaurant.

Entirely new dinner menus, by the way, go into effect this weekend with an extended table d'hote and a la carte selections.

So, if you haven't visited the place recently—don't expect to find Cliff Cox in charge. He sold out months ago—wanted to spend more time hunting or something. Parties can be accommodated here from 10 to 100.

ALL YOUNGSTERS below a certain age (and some above it) enjoy a good Santa Claus show. Sabella's has one going on this year the evening of Saturday, Dec. 23—by special dinner reservation.

Called "Santa Claus Banquet," it will be held in Sabella's spacious banquet and party room. Such full attendance is expected, three dinners and three shows are planned starting at 6 p.m., so the small fry who have to get to bed and their parents can be served first.

Besides old Saint Nick, live reindeer and sleigh will be on the scene for all to view as soon as they finish eating. Phone Sabella's to check on the times available and make arrangements.

While you're at it, consider this spot for your New Year's Eve reservations. The entire banquet room will be given over to dancing to Ernie Figora's Orchestra.

A FILET MIGNON dinner is the newest thing at Confucius Restaurant in Greenbrae—and it includes baked potato, vegetables, soup, salad, dessert and coffee—all for $2.95.

Says Horace Fong: "I don't think you can top that anywhere in Marin County—and few places outside."

Horace serves American food in good style and variation for those who prefer it to Chinese fare. But consider the latter carefully—a good dinner for $2.75.

VILLA RAFAEL Motel Restaurant, 1600 Lincoln Avenue, San Rafael, now operated by Paul Thompson who also owns the motel itself, has new lunch and dinner menus on tap.

Lunches run from $1.45, plus salads, sandwiches and low calory plate; dinners from $1.65 to $3.25 complete, with similar a la carte selections. Breakfasts are also provided. No more buffet.

Open from 7 a.m. to 7 p.m. Sundays through Thursdays, Friday and Saturday to 10 p.m. Chef here is Russell Brown of Fairfax, formerly from the midwest.

WORD FROM Kay Etienne, new co-owner with her brother Henry Howard of Henry's Ol' Place, San Anselmo, describes their plans thusly:

"We intend to make Henry's a real fun place with lots of special parties and customer participation . . . We have a recorder for anyone who wants to get taped . . . suppressed actors, singers, musicians and comedians who want to be seen and heard . . . We will also take color slides and show them at regular intervals. Fights and sporting events will be shown on TV."

Kay goes on to say that they have a good old-fashioned cook who'll put out chicken 'n' dumplings on Sunday, homemade pies—and an Indiana cole slaw like nothing you can find hereabouts. Grand opening tomorrow.

PLANNED ADDITION to Peacock Gap Golf and Country Club's newly opened Peacock Room with its teakwood dance floor is a terraced garden and fountain for private outdoor entertaining.

MONDAY NIGHT attraction at Wiltshire Towers Restaurant just north of San Rafael is its dart tournament from 8 p.m. Many regulars are becoming marksmen.

You might tie it in with Shaun Wiltshire's club steak dinner at $1.50.

TABLE TALK. On the magazine cover of our Christmas issue this year will be a familiar figure with an unfamiliar get-up—Bob Hosmer of Blue Rock Inn in Colonial knee britches . . . Typesetter's error in this column last week made "stew sandwich" out of a steak sandwich for San Rafael Joe's, but maybe they do have such a thing—I never checked . . . Juanita's Galley—have you tried the red cabbage there? . . . La Petite Auberge is holding fashion shows from noon to 2 p.m. Tuesdays.

Salt water bathes three sides of the peninsula of Brittany, France's westernmost province.

Christmas Pageant Set At Stinson

Stinson Beach will hold its Christmas pageant, a reenactment of the Nativity scene, at 8 p.m., Dec. 23 in the community center.

The cast, according to Mrs. Edward Leary, director, consists of Georgia Dean Doyle as the angel; Nancy Bennett as Mary; Rocky Patterson as Joseph; Kenneth Sherfey as Herod; Kenneth Shockey, Steven Carlson and Richard Leary as kings; James Doiron, Paul Doiron and Jack Bennett as shepherds.

William Bucholtz is assistant director and Mrs. Robert Carlson and Ruth Miller are assisting. There is no charge for admission, Mrs. Leary said.

MARIN FILM FARE

A Disney Delight That'll Bring Tears

By LES DARD

Here we go, theater-hopping around Marin County movie screens for another weekend. Ready . . . set . . . go . . .

NOVATO THEATER

A Disney delight—one that will bring tears to your eyes—is "Greyfriars Bobby," which comes to the Novato Sunday.

It is the simple, engaging story of a little Skye terrier whose loyalty to his dead master won him the love of Edinburgh, a citation from Queen Victoria and a statue in his honor which still stands in the Scottish city.

All this happened a century ago. Years later the dog's fame inspired Eleanor Atkinson to write his story, an animal classic which now becomes a classic family film.

The plot: Bobby's master, a lonely old shepherd, dies and is buried in Greyfriar's churchyard. The faithful Bobby sleeps every night on his master's grave. Donald Crisp, the caretaker, at first tries to get rid of him, then befriends him, as does his wife, Kay Walsh. Neighborhood children adopt the dog, grownups feed him.

Matters come to a crisis when a policeman questions Bobby's ownership. An aroused public makes the case a big one, and it goes all the way to the Lord Provost. I won't tell the decision, but you're advised to have a hanky handy at this point.

Color scenes of Scottish landscapes are magnificent.

Take a bow Mr. Disney again.

LARK THEATER

Staying another week at the Lark is "Saturday Night and Sunday Morning," the big British charmer starring Albert Finney, England's big new box-office name.

The picture tells the delightful story of a young factory worker who drudges all week on a lathe, then lives it up on weekends.

This leads to romantic complication and just plain complications, the basis of the plot.

The picture has been called the best British import since "Room at the Top," and well deserves the accolade. For adults.

MOTOR MOVIES

"Facts of Life," a better-than-average comedy poking fun at middle age and country club life, is showing now at the Motor Movies.

Bob Hope and Lucille Ball star as a pair married to Ruth Hussey and Don Defore, respectively. The couples are suburban neighbors and decide to vacation together in Mexico.

Hope and Lucy tumble for each other and, once back home, try to continue the flirtation. Trouble is, they're rank amateurs incapable of deceit.

The idea isn't new, but the way it's presented is especially good. Miss Ball is a delight from start to finish and Hope, as usual, reigns supreme. For adults.

TAMALPAIS THEATER

Elvis Presley's newest package, "Blue Hawaii," is staying with us for a second week at the Tamalpais.

This one offers Presley fans all they could possibly want of their hero, even in bathing trunks, and with no less than seven songs. In addition, he's surrounded by beautiful girls and certainly some of the world's most beautiful scenery, in Hawaii.

Elvis plays a young scion who comes home from the Army, falls in love with Joan Blackman, and takes a job showing a bevy of schoolgirl's the wonders of our 50th state.

Also in the cast: Angela Lansbury Steve Brodie, Nancy Walters.

RAFAEL THEATER

"The Greatest Show on Earth," in Technicolor, was chosen best picture of 1952 in the Oscar awards. It's now being re-issued and will open Sunday at the Rafael.

This is one of those films about which it's easy to say nice things. For one, it's fit for the entire family. Secondly, it's probably the best thing Cecil B. De Mille ever did. Thirdly, it provides a look at the spectacular Ringling Brothers-Barnum and Bailey Circus of recent and memorable past.

Charlton Heston is one member of the cast, which includes (besides all those wonderful acts) Betty Hutton, Cornel Wilde, Jimmy Stewart, Dotty Lamour, Emmett Kelly (the great clown) and many others.

The circus train wreck escape of the animals, and thrills of the high wire are all in this film. Well worth seeing.

(The Tiburon Playhouse is now closed, and will open Dec. 26. The Fairfax Theater, also closed, will reopen on Christmas day.)

Recalled To Duty

Frederick P. Hacker of 127 Broadway, Fairfax, has been recalled to active duty as a Naval Air Reservist and will serve as yeoman attached to Patrol Squadron 872, flying anti-submarine patrol missions with land-based twin-engined P2V Neptune planes.

CIRCUS COMING—The circus is coming to town with the return of "The Greatest Show On Earth," opening Sunday at the Rafael Theater. Special matinees are scheduled Tuesday and Wednesday for vacationing small fry.

The first American patent for the manufacture of false teeth was awarded to C. M. Graham in 1822.

A New Program For Public Land Usage Announced By U.S. Bureau

SACRAMENTO (CNS)—The district office of the U. S. bureau of land management has announced a new program of the U. S. Department of Interior to broaden representation on boards which make recommendations for usage of public land.

Neal D. Nelson announced in Sacramento that the advisory boards in the 10 western public land states and the national advisory board council will include representatives of the forest products industry, minerals industry, soil conservation, outdoor recreation, urban and suburban development and county and state government, as well as livestock and wildlife. At present, membership on the boards has been limited to livestockmen and wildlife representatives.

However, Nelson said the baord's role is one of general policy and has no direct effect on actual usage of specific public lands. As such, the new policy would have no immediate effect on a number of persons who are occuping federal land by virtue of mining claims. While a number of eviction notices had been served on these people, action has been suspended for 90 days to permit congress to consider the problems.

In order for public land to be purchased, the land bureau must determine its sale into private ownership would be the best use for all concerned. And officials admitted the program of classifying the land for usage has been a very slow one.

Nelson said the bureau in California had received 85,000 applications from persons wishing to purchase federal land under the small tract act and 24,000 parcels had been sold. In February of this year, however, a moratorium was called on such purchases, in order to permit the bureau to work out from under the backlog.

Officials said all personnel who might make studies of public land to determine its best usage had been tied up in investigating lands in "problem areas," including those for which applications had been filed or those which might interfere with other uses.

As a result, since the bureau first was authorized to make studies to determine the best land usage, only 19 such determinations have been made, involving 106,000 acres.

The bureau has jurisdiction over some 16 million acres of public land in California which would be subject to such determination.

The most intriguing Eve since Adam's

Resolve right now to end the Old Year right with some gentlemanly (and gentlewomanly) celebrating at Peacock Gap Golf and Country Club. We've contrived to make Sunday, December 31, the most intriguing Eve since Adam's. At our fashionable Club House, champagne will be popping. Steaks and Chateaubriand will be sizzling. And in the romantic glow of the friendly candlelight, the live and lively music of Bob Olney's Orchestra will put you in step with a good time. For all these charms, the tariff is tiny: $25 a couple. This includes a sumptuous supper with glass upon glass of the bubbly, and the rare privilege of occupying precious space. No extra charge for dancing, unless you insist on doing the twist, in which case small fines will be levied. Therefore, resolve. Therefore, reserve. Tables for two or twenty. The magic number is GLenwood 3-4122. And if you can't make it, don't feel treasonable. Just try us another time. For truthfully, every meal is a celebration at the Club House. Luncheon 11 to 3, Tuesday through Sunday. Exceptional dinners 6 to 10, Saturdays and Sundays. Private banquet facilities available for holiday partygiving. To find our hideaway, go east on Third Street in San Rafael, proceed 4.1 miles along Point San Pedro Road to Marin Bay. If it's evening, trail the tiki torches to our doorstep. By day, stop at the Marin Bay Display Pavilion and ask for directions.

Maris Voted 'Athlete Of The Year'

By ASSOCIATED PRESS

Roger Maris of the New York Yankees, the American League's most valuable player and home run champion and the man whose dramatic pursuit of Babe Ruth's record enthralled the baseball world, is The Associated Press' male athlete of the year for 1961.

The outfielder, 27, who hit 61 homers, a record for a single season, was the overwhelming choice in the balloting by 253 sports writers and broadcasters in the annual AP poll.

Paul Hornung, Green Bay's outstanding halfback, was second and Warren Spahn, Milwaukee's veteran southpaw pitcher, was third. They were followed by Ernie Davis, All-America halfback from Syracuse, and Mickey Mantle, Maris' slugging teammate.

Maris was named first on 160 ballots. Mantle was second with 18 firsts followed by Spahn with 14. On a basis of three points for first place, two for second and one for third, Maris collected 555 points, Hornung 108, Spahn 95, Davis 79 and Mantle 77.

Maris will receive the fraternal Order of the Eagles-Frederick C. Miller Trophy at a dinner in Milwaukee, Jan. 4. He is the first baseball player to win the trophy since Ted Williams in 1957. It was won last year by Rafer Johnson, the Olympic decathlon champion and world record holder. The year before it was Ingemar Johansson of Sweden, then world heavyweight boxing champion.

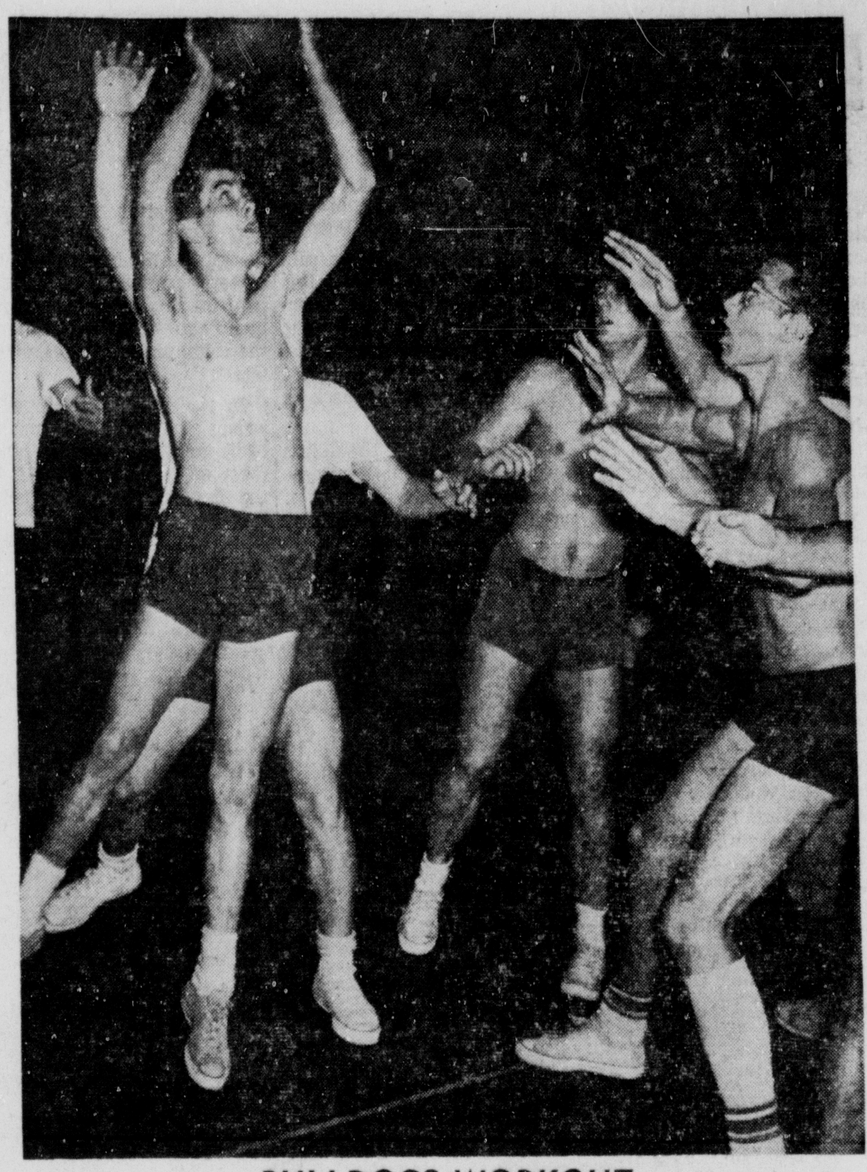
Maris' pursuit of the games' most cherished record — Ruth's 60 home runs—swept the pennant races, expansion and the performances of the game's other stars into the background.

The deadline game set by Commissioner Ford Frick for breaking Ruth's standard in 154 decisions came on Sept. 20 in Baltimore. In his second time at bat, Maris drove the ball over the right field fence for his 59th homer. He failed in two more tries to tie the mighty Bambino's standard.

Then, on Sept. 26, Maris hit No. 60. And in his final game of the regular campaign on Oct. 1, he belted a fastball into the right field stands in Yankee Stadium off Boston's Tracy Stallard for No. 61.

Maris also recorded the most total bases in the league, 366 and the most runs batted in, 142. His batting average was .269.

Rounding out the first ten in the voting were Y. A. Tittle, veteran quarterback of the New York Giants; Whitey Ford, 25-game winning pitcher for the Yankees; Ralph Boston, who set a world record in the broad jump with a leap of 27 feet; Valery Brumel of the Soviet Union, the world's leading high jumper, and South Africa's Gary Player, winner of the Masters golf tournament.



BULLDOGS WORKOUT

Extra Money Big Incentive For 49ers Against Colt Tomorrow

CONNOLLY

Often a bridesmaid but never a bride, the San Francisco Forty Niners stagger to the church again tomorrow in a last gasp effort to be named the western representative to pro football's "Bridesmaid Bowl" in Miami, Jan. 6.

A win over the Baltimore Colts, coupled with a Philadelphia Eagle victory over the Lions in Detroit on Sunday, would tie the 49ers and Lions for second place in their division. With a total point edge over the Lions in regular season play, the locals would get the nod, the glory, and the extra money.

Nods you can get any time. Glory is a fleeting thing. But money, extra money, there is something worth going for. And it is balmy in Florida in January.

Coach Red Hickey's laddies are favored to win this one, and rightly so. Even the Los Angeles Rams, with all their woes, humiliated the once proud Colts, 34 to 17, a week ago.

THE STORY of the Colts is an old, old one. Destiny's darlings just a couple of years ago, today they are bums. Coach Weeb Eubanks may be jobless before the weekend is over, and the "greatest" quarterback of them all, Johnny Unitas, is just another thrower this year.

A couple of key injuries, a questionable trade, the failure of a rookie, and a little tough luck is too much for the best of the best. And with all that, the Colts could make the 49ers look silly tomorrow, if they play their best game.

If quarterback John Brodie has another of his great days, the Colts won't have a look in. And if Brodie continues to make R. C. Owens look good (and he is!) he should get a cut from R. C.'s salary next year.

In spite of pride and precedent, I have a hunch that Owens will be back with the 49ers again next year, and at his own price. The fans have let the brass know how they feel about the great pass catching end, and their is no adequate replacement in sight.

COMPETITIVE bidding from the upstart AFL is making the established NFL teams dig deep into their jeans this year, and will end up with salary growls all over the league. The Owens case is just one of the first to hit a top flight player.

If an untested rookie like Roman Gabriel of North Carolina State can get a fantastic 25 to 50 Gs per year for four years, R. C. Owens has a case and will make the most of it. And so will an increasing number of top flight men.

Say what you will about glory, loyalty, and the old college try. Both the owners and the players are in the game to make MONEY, and the tiger eats the timid. The war between the two leagues is only two years old, and it's going to get a lot hotter before it cools off.

The gladiators have a good argument. Life in pro ball can be short, so make it while you can. Who wants a player with a broken leg, or one who has banged his head into a goalpost just once too often?

49ers Tackle Baltimore In S.F. Tomorrow

The San Francisco 49ers, hampered somewhat by a band of injured warriors, take on the up-and-down Baltimore Colts tomorrow at Kezar stadium in a game that could decide the fate of the Prospectors' post-season bowl hopes.

With such men as fullback J. D. Smith, and tackle Bob St. Clair on the injury list, it is possible that the 49er running attack may be slowed down.

However, if quarterback John Brodie can come up with another aerial attack such as he displayed in beating the western champion Green Bay Packers last week, there will be no need to worry.

San Francisco has to win this one to work its way into the runner-up bowl in Miami —and then must have the Philadelphia Eagles beat the Detroit Lions at the same time.

UNITAS HURT

If quarterback Johnny Unitas is having one of his "old" days, it could prove a rough afternoon for the San Francisco secondary of Jerry Mertens, Jim Johnson, Dave Baker and Eddie Dove. However, Unitas has been hampered by a finger injury on his throwing hand most of the season — accounting for the Colts' somewhat disappointing performances.

Coach Red Hickey has announced he'll start rookie Aaron Thomas, fast developing into a standout, at offensive end again, along with Monte Stickles.

An old friend to Kezar stadium patrons will return to the scene of some of his greatest triumphs when fullback Joe Perry takes the field for the Colts. Perry pulled a muscle in last week's loss to Los Angeles—but is expected to see some action.

A crowd of less than 45,000 is expected to watch the battle.

Novato Hoopsters Win; Giants Lose

The Novato High Hornets came through with a 35-30 victory against DeValle in the Novato gymnasium and the Redwood Giants were clobbered by Galileo High of San Francisco 51 to 29.

The Tomales Braves dropped their second North Bay League game 56-46 to St. Helena.

All three games were yesterday. Today San Rafael was to play at home against Lowell of San Francisco, Tamalpais will be at Montgomery, Marin Catholic at St. Mary's in Berkeley and Sir Francis Drake at Vallejo. All the out-of-county games are scheduled for 7 p.m.

The Novato victory can be credited to the work of Hornet guard Joe Colfer who racked up a high of 17 points, to Don Scribner who scored 10, and to Martin Baccaglio, outstanding on defense. These three athletes are ex-football players, two of whom were the Independent-Journal's All - County selections.

Tailback Colfer was named tailback I-J's "Prep of the Week" this grid season.

Scribner and Baccaglio both joined the team this week. Hornet Coach O. T. McAtee said the pair should be re-acquainted fully with the hardwoods in about two weeks.

Novato led De Valle — not a strong team in its own league — in the first quarter 9-6, at the half, 20-15 and at the end of the third period, 28-20.

The whole Redwood squad saw at least three or four minutes of action apiece in yesterday's struggle against powerhouse Galileo. In the first and second quarters Galileo had tallied twice as many points as the Marinites. The Giants put up a real defense effort in the third period to allow the San Franciscans only one point. But the fourth quarter rush by Galileo sustained their win margin.

Redwood scoring was spread throughout the squad. Giant guard and outstanding floor leader Jay Johnson was held to a below normal nine digits. But he played less than three quarters. Top defenders for the Giants were Pete Coy and Doug Detrick. They grabbed six and four rebounds, respectively.

"Galileo should do real well in the city league," said coach Hart.

It was Tomales' second league loss of the season. Dec. 8, they were whipped in their opener by Calistoga, 45 to 33. Yesterday a strong St. Helena club put on a first half blitz offense, and the halftime was 36-18 in favor of the Saints. One St. Helena player scored 20 points against the Braves in the first half, but was held to three in the second.

Coach Howard McGlone's Braves came back hard in the second period to outscore St. Helena by 10 points, but it was not enough. High point men for Tomales was Bob Fairbanks with 14. Top defensive player was Brave Tim Furlong.

Dodgers Still Shell Shocked, Sign Nobody

LOS ANGELES (AP) — The Los Angeles Dodger management still is shell-chocked over losing the National League pennant last season and not one player has been signed to a 1962 contract.

"This is the first time I have not had most of the players signed or in agreement on terms by Christmas," said general manager Buzzie Bavasi. "Usually, about half our players are set two days after the season ends.

"But this also is the first time no player has made an inquiry about his contract."

Seals Will Learn Tonight How Much Progress Made

SAN FRANCISCO (AP) — The San Francisco Seals find out tonight and tomorrow night just how much they have improved in this Western Hockey League play.

The new club hosts the Southern Division leading Portland Buckaroos, a team with a 19-6 record.

San Francisco sagged at the start and stood only 1-9 before starting a comeback that now finds the Seals in third place with a 10-15 mark as they meet Portland at the Cow Palace.

Returning to the San Francisco lineup is captain and center Harry Pidhirny, who has recovered from head injuries suffered two weeks ago in a game against the Spokane Comets.

Coach Max McNab also hopes for the return of wingman Buddy Boone and Gordie Redahl, who have been hampered by leg injuries.

Tennis Ranks Start Scrambling As Reed Moves Up

ST. PETERSBURG, Fla. (AP)—The departure of two top young players to the professional ranks has caused a major reshuffling in the national men's tennis rankings and Whitney Reed jumped from No. 8 to No. 1.

Reed replaces Barry MacKay of Akron who turned pro along with last year's No. 3 ranked Earl Buchholz of St. Louis.

Charles McKinley of St. Ann, Mo., was placed in the No. 2 spot. He was fourth last year. Bernard Bartzen of Dallas dropped from No. 2 to No. 3.

Reed and Dennis Ralston of Bakersfield, Calif., were ranked No. 1 in doubles. Gardner Mulloy of Miami took top spot among the seniors.

Slugging Title Goes To Cincy's Frank Robinson

CINCINNATI (AP) — Frank Robinson, hard-hitting outfielder of the pennant-winning Cincinnati Reds, won the National League slugging title for the second straight year, the official statistics revealed today.

Robinson, voted the circuit's most valuable player last month, collected 333 total bases in 545 times at bat for a .611 slugging mark. Orlando Cepeda of the San Francisco Giants was the runnerup with a .609 average.

Hank Aaron of the Milwaukee Braves had the most total bases for the third consecutive season, 358, but finished third in the slugging competition with .594. He was followed by Willie Mays, San Francisco .584, Dick Stuart, Pittsburgh .581, George Altman, Chicago .560 and Roberto Clemente of Pittsburgh, the batting champion, .559.

Robinson was also the most feared batter in the league. He received the most intentional walks, 23.

Jet's Hal Lear To Be Back In Action

LOS ANGELES (AP) — Out of the Los Angeles Jets lineup for the last two games because of injuries, Hal Lear returns tomorrow night for the game here against the San Francisco Saints.

Coach Bill Sharman says he believes Lear's return will keep the Jets in contention for the American Basketball League's Western Division title. Kansas City new leads the division by four games.

Browns To Shoot The Works Vs. Giants

By U.P. INTERNATIONAL

Jimmy Brown, coach Paul Brown and all the rest of the Cleveland Browns face an opportunity Sunday to pay back the New York Giants in some small measure for a few seasons of humiliation.

The Giants can clinch the Eastern Division championship of the National Football League with a win or a tie against the Browns in New York on the final weekend of the regular season.

Even if the Giants lost to Cleveland, however, they still could "back" into the title if the runnerup Philadelphia Eagles lost to the Lions at Detroit.

Still Coach Paul Brown said he is pointing his men for this game " as though the championship were at stake." The Browns now have lost to the Giants seven times in their last eight meetings dating back to 1957.

Oddsmakers made the Giants 7-point favorites for the game which should draw a crowd of nearly 65,000 to Yankee stadium. The "line" also favored the Lions by 2½ points over the Eagles.

If either game ends as expected, the Giants will win the eastern crown for the fourth time in the past six seasons and qualify to meet the Packers in the championship playoff at Green Bay, Dec. 31.

In the event the "dope" is wrong and the Eagles manage to tie the Giants for first place, these teams would play off for the division title in New York, Dec. 24.

The pro football weekend starts with another nationally-televised game from the West Coast between the Baltimore Colts and San Francisco 49ers on Saturday. San Francisco was favored by 6 points.

In other Sunday N.F.L. games, the Packers were picked by 6 points over the Rams at Los Angeles; the Bears were 12 over the Minnesota Vikings at Chicago; the Cardinals were 3 over the Pittsburgh Steelers at St. Louis, and the Redskins, without a win in 23 games, were a 3-point favorite over the Dallas Cowboys at Washington.

Detroit (8-4-1) and San Francisco (7-5-1) are battling for second place in the Western Division and the berth in the playoff (Runnerup) bowl game at Miami, Jan. 6 should the teams wind up with identical final records, the 49ers would go to the bowl game because they beat and tied the Lions during the season.

The Eastern Division title in the American Football League, for a playoff shot at the San Diego Chargers, also is up for decision. The Houston Oilers need only to beat or tie the weak Oakland Raiders to clinch it for the second year in a row. The Oilers were 19-point favorites for the game on the West Coast.

In other A.F.L. games, the Chargers were picked by 13 points at home against the Boston Patriots, who have just a longshot chance of tieing Houston. The Dallas Texans were the choice by 8 points at home over the New York Titans.

FOOTBALL CITIZENSHIP TROPHY WINNER

Morrison Smith, eighth grade student at Richardson Bay School in Sausalito, was awarded the Tinsley Stetson Citizenship Trophy this week for his performance this year with the Mill Valley Indians team in the Pop Warner Football Conference. Smith's teammates voted him the award for having gained the most during the season. The award is named after a former Mill Valley player, whose mother is pictured with Smith and his coaches, Dennis Long (left) and Larry Brink.

GOLDEN VALLEY

Mariners Gun Tournament Title

Head basketball coach Cal Riemcke and his College of Marin Tars will get a preview of what they are to face in the Golden Valley Conference this season when the Mariners dive into the Conference Basketball Tournament tonight and tomorrow night at Sierra College.

The tourney will include each of the seven teams in the conference, plus Santa Rosa Junior College, in a 10-game affair and finish with a championship playoff at 9 p.m. Saturday.

The Mariners will open up against Yuba College at 7:15 tonight.

Santa Rosa, an historically traditional rival of Marin, will return to the Golden Valley Conference, replacing American River, next year.

Marin enters the tournament with a record of two wins and four losses after two weeks of play against some of the toughest junior college teams in the state. The won-loss record at this point is of small concern to Coach Riemcke, who as a matter of habit looks for the toughest pre-conference tune-ups he can find.

"Wins and losses are only important in a relative way in these early season games," Riemcke said. "We purposely schedule the toughest we can find so the boys can get to the point where they like to play the tough ones. What counts in these games is whether we're showing steady improvement, and whether we've visibly begun to put an offense together.

"For instance, we lost to Contra Costa College 85-80 last Tuesday, but I was delighted with the way the game went. The team showed more team unity than in any game before. Remember too, that we were 14 points behind at one stage, and closed the gap to three points with only a minute to go."

Starting five is still in flux, but Riemcke is working from a core of eight men. Lynn Livie, last year's leading scorer, continues to score about 55 per cent of his shots from the floor. Randy Peterini, leading scorer in the Marin County Athletic League last year, has come along quickly from game to game and has now earned a starting role for himself. Petrini took game point honors against Contra Costa with 26 points and success in 50 per cent of his shots.

Dave Neumann has now been moved to guard, and with the ascendancy of Petrini, the move should lend even more strength to the first five.

With a strong offense now taking shape, Riemcke is devoting additional time to defense. He normally works out of a basic man to man arrangement with secondary emphasis on a zone and full-court press.

X-Rays At Quentin

An X-ray unit from Napa State Hospital was completing examination of the 4,900 inmates in San Quentin Prison today. About 4,200 inmates had been X-rayed by yesterday morning. Monday the unit will begin three days examining the 700 personnel at the prison.

Syracuse Is Favored In Liberty Bowl

PHILADELPHIA (AP) — Ground-minded Syracuse, led by All-America halfback Ernie Davis, clashes with air-minded Miami tomorrow in the third annual Liberty Bowl with the Orange favored to win.

Coach Ben Schwartzwalder of Syracuse and Andy Gustafson of Miami pronounced their squads in good physical condition and ready to go.

Gustafson said passing star George Mira, a sophomore from Key West, Fla., who was held out of drills all week because of a slight case of flu and tonsilitis, definitely would start.

Both teams arrived Thursday and worked out in the 100,000-seat Philadelphia Stadium, site of the nationally televised (NBC) game which is expected to draw between 15,000 and 20,000 fans on the basis of advance sales.

Mira, who has completed 74 of 151 passes for 896 yards and 8 touchdowns, will arrive here today. He was kept in the infirmary an additional day as a precautionary measure.

Committee Appointed For Bowl Pact Talks

SAN FRANCISCO (AP) — Renewal of a Rose Bowl football pact between the Big Ten and the Big Five moved a step closer to realization today.

The Big Five appointed a negotiations committee to meet with a similar group from the Big Ten at a date and site to be decided soon.

Last week in Chicago, the Big Ten voted 6-4 to renew the negotiations and appointed its committee. The previous pact, starting in 1947, expired after the 1960 Rose Bowl game and was not renewed when the Big Ten deadlocked 5-5.

Yesterday at its winter meeting, the Big Five appointed a committee consisting of its executive director Tom Hamilton, faculty representative J. Gordon Gose of Washington, and athletic directors Wilbur Johns of UCLA, Jess Hill of Southern California and Al Masters of Stanford.

Hamilton said the Big Five was "happy to meet with the Big Ten and find out what its proposals are."

On Jan. 1 when Minnesotoa meets UCLA, it will be the 15th straight year the Western Conference has been represented in the Rose Bowl. After the pact expired, the Gophers of Minnesota were invited to the 1961 game and again to this one under a new policy of inviting a top team from throughout the nation.

Packers Will Use Reserve

LOS ANGELES (AP) — The Green Bay Packers will use Lew Carpenter at left end Sunday against the Los Angeles Rams in the last game of the National Foodball League season.

The Packers' regular left end, Max McGee, suffered a rib fracture last Sunday in San Francisco against the 49ers. He is taking it easy and hopes to be ready for the playoff Dec. 31 between the Packers and Giants or Eagles for the league title.

Carpenter is a six-year veteran and was first drafted by the Detroit Lions. The first time he touched the ball as a pro he intercepted a pass and ran 73 yards for a touchdown.

The Rams are all in good condition witht he exception of Alvin Hall, defensive right half. Fifteen stitches had to be taken in a cleat cut he suffered on his shin last Saturday. He is listed as a starter, but probably won't make it, and if he doesn't, Coach Bob Waterfield will use as his defensive backfield Ed Meador, Linden Crow, Clendon Thomas and Charlie Britt.

UCLA Continues Kicking Drills

LOS ANGELES (AP)—Possibly because he expects the Rose Bowl struggle to be a defensive game, UCLA Coach Billy Barnes has continued to emphasize kicking in drills.

Barnes had Keith Jensen and Mike Hafner concentrate on standard fourth-down-situation punting yesterday. Both responded with booming boots from scrimmage.

Third-string end Al Geverink was the standout receiver for the second straight day in passing drill. Geverink has improved vastly during the season and may play.

BOWLING ROUNDUP

275 Top Singles Score In Marin

Some high singles were thrown around the county this past week, including Ed Kothgassner's 275 at Nave Lanes.

Kothgassner stacked up the high mark while bowling in the Novato Merchants League. Strangely enough in the three-game series, his two previous scores totaled the final count (123-152-275).

Other high single games were thrown by Ben Kimura and Willie Joseph at Country Club Bowl in San Rafael. Kimura rolled a 245 in the 800 Scratch League and Joseph marked a 237 in the 825 League.

Some nice three-game series were also bowled by Marinites. The best reported was a 643 on games of 217, 224 and 202 by Lou Nove at Nave Lanes in the Loma Verde League. Steve Bennett had a 636 at the same lanes on games of 200, 206 and 230. At Greenbrae Lanes big series were reported by Ed Murick and Bill Hoffman. In the Strikes and Spares League, Murick, a 167 average bowler, threw a 635 series on games of 212, 211 and 212. In the 910 Classic League, Hoffman ripped off a 226-202-203—631.

In the Girl Athletic Assn. tournament at Greenbrae, the top game of 163 was rolled by Nancy McGee.

Raiders Face 5th Possible Loss Sunday

OAKLAND (AP)—The Oakland Raiders want to make their final San Francisco appearance a a winning one Sunday but they've certainly got a mammoth job cut out for them.

The Raiders (2-11), who will play in Oakland for the first time next season, take a five-game losing streak into their 1961 finale against the Houston Oilers 9-3-1.

The Oilers, leading the American Football League's Eastern Division by a game, need a victory to clinch their crown. They can even lose and stumble home with the title if San Diego beats the Boston Patriots (8-4-1).

There have been plenty of changes since the Oilers demolished the Raiders 55-0 on opening day.

Both clubs have improved.

The Oilers have the league's top passer in George Blanda, top runner in Billy Cannon and most effective pass receiver in Charley Hennigan. They also have three of the AFL's four top scorers in Blanda, Cannon and Bill Groman, who have 287 points among them.

The Raiders' best news is that Charley Hardy and Charlie Fuller, their best long range receivers, will be back at full strength for the first time in four weeks. They've had leg injuries.

Let's Give The Game Back To The Players, Says Pro

MIAMI (UPI)—The time has arrived, says "Pitchin' Paul" Christman, for the high school and college football coaches to give the game back to the players.

Christman, former Missouri All-American and proquarterback star of the Chicago Cardinals, says that too many high school coaches are calling the whole game from the bench. It's the same process in college where "wild card" substitution is used for the same purpose in defiance of the rules committee.

There should be, he contends, a return to the old rule under which a player could not talk until he had been in the game for one play.

"That would make the game more fun, result in the development of the quarterback and make the game more wide open instead of producing the sluggish ball control game currently in vogue," he insisted.

Christman, who will do the "color" on ABC-TV's Orange Bowl telecast of the Jan. 1 Colorado-Louisiana State game, holds that the current rules and coaching systems are killing off the passing-thinking quarterback.

"I'd go so far as to say we may never see another real great passing quarterback who also is a superb strategist unless the current trend is halted," he predicted.

"Too many high school and college coaches are calling the game from the bench," he added. "With free substitution in high school a boy learns to play only one way. It isn't fair to the boys when they go on to college. This has made a trend toward ball control and less passing, and you don't develop as a passer unless you throw a lot under fire."

Christman qualifies as an expert. In high school he had a good passing arm but, adds with a chuckle, "I was slow as a mule."

"The coach told me to get rid of the ball and get out of the way, so I threw a lot."

The ball control game has virtually killed off the good passers once developed in the south, he says.

"The south's wide open game is gone," Christman analyzes. "More and more schools are stressing ball control—the type of power game for which Tennessee is famous. Many coaches have admitted this to me, but they don't want to be quoted."

Christman is a firm believer that the college should return to free substitution, not only to cut down on injuries, keep the players fresher and give more boys a chance to play but also to open up the game.

"Even under the present wild card setup it would be easy to put the game back on the field and give the quarterback a chance to develop as a play-caller," he argues. "All they have to do is put back that old rule that a man can't speak until he has been in the game for one play. That certainly would silence the coaches' play-calling, even in high school where they have free substitution."

Wilt Makes History As His Team Runs Behind

By ASSOCIATED PRESS

The Philadelphia Warriors are winning, Wilt Chamberlain is scoring, like no one in basketball before but there's still no catching the Boston Celtics in the National Basketball Association.

The Celtics, with six players in double figures but only two scoring more than 20 points, pushed their record to 21-3 and held their Eastern Division lead at 6½ games over Philadelphia with a 123-108 romp over the Chicago Packers last night.

The Boston victory came in the opener of a doubleheader at Philadelphia. The Warriors, with Chamberlain scoring 43 points and Paul Arizin 32, whipped Syracuse, 136-125 in the second game.

In the only other game scheduled, Detroit pulled ahead in the closing minute for a 107-103 decision over the Cincinnati Royals.

Dugout Tavern in San Rafael has "plenty of tickets available" for Saturday's 49er-Baltimore Colts game at Kezar Stadium in San Francisco, announced Jim McKee, proprietor.

Ticket and fare for bus transportation are priced at $6.25 per person. McKee explained the ticket is $4.50 and bus fare $1.75. The bus leaves at 12 noon, McKee said. Reservations should be made in advance.

The FISHIN' FOOL

By RALPH STEVENS
IJ Fish and Game Writer

Many Called, But Few Are Chosen! That's The Steelhead Situation

STEVENS

"Many are called but few are chosen." The originator of that remark might well be talking about steelhead fishing in our coast streams. The word spread around that a nominal run of the highly desired steelies was in progress in the Russian River. The thundering horde stowed the gear in the bus and headed for that famous stream. Results? Quite a few fish were taken—mainly on bait—by a rather small percentage of the anglers crowding the banks between Duncan Mills and Mirabell Park. From the park upstream all the way to Cloverdale there were scattered groups tossing roeberries, Cherry Bobbers, Flatfish and spinners in all the favorite holes.

A chap from Ukiah, down to get himself a striped bass or two, stopped at the Western Sports Shop in San Rafael and told of having scouted the Russian upstream to Cloverdale. He saw many fishermen and not very many fish.

NO QUESTION but what a rain is needed in all streams other than the Russian. Most of them are, at this writing, too low and two clear for much success. In fact, very few have been taken in the other streams to date. Perhaps the main Eel has been the next best producer to date. But, it is still early for the main influx of steelhead. Thinking back over the years, I believe it was in 1946 that a good run of steelhead entered the mouth of the Gualala on the 15th of December. And that was the only time I can bring to mind that steelhead fishing really hit its stride before the holidays.

FROM THE Western Sports Shop I learned that Lee Richards, of Inverness landed a 22-pound, 8-ounce striper recently in Tomales Bay. Congratulations, Lee.

I NOTE that the Schenley winner for the week just ended, was an Oaklander, Ernie Jensen by name. His bass weighed in at 48 pounds, 8 ounces. Quite some lunker, eh?

SCHENLEY DOESN'T pass out prizes for ling cod, I guess, but if they did, our well known ex-president of the Associated Sportsmen of California, Ed Buselak, would have to share it with Ed Kirk of Redwood City. Each of these two oldtimers heaved over the side of the Stagnaro boat out of Santa Cruz last weekend, a ling weighing 28 pounds.

By the way, ling cod catching is termed "good" by the Stagnaro family and attention is called that the deep sea fishing boats will operate only on weekends through December and January.

BASS FISHING in the local bay waters continues good in the lower reaches—Red Rock, Richardson Bay and Southampton Shoals, on artificials, and equally good in the upper San Pablo, the Suisun Bay and in the Delta Region on bait. Heftiest fish are apparently more interested in bullheads than sardines, but both baits catch fish.

First American League All-Star Game Is Jan. 7

DALLAS, Tex. (AP)—The first annual American Football League All-Star game matching players from the Eastern Division with the Western Division will be held at San Diego Jan. 7.

AFL Commissioner Joe Foss said the game will be played at Balboa Stadium under complete sponsorship of the San Diego Junior Chamber of Commerce and would be nationally televised by ABC.

Sid Gillman of San Diego will be head coach of the Western All-Stars while Wally Lemm of Houston or Mike Holovak of Boston, whichever team wins the Eastern Division title, will coach that squad.

Burn Early Top Horse In Tanforan Opera

SAN BRUNO (AP) — With a clatter of hoofbeats and a cloud of dust, young Robert Cole guided Burn Early to victory yesterday in the sixth race at Tanforan.

Cole, 16, was riding in his first race.

The 102 - pound apprentice hails from La Puente in Southern California.

Few jockeys in American racing history have won their first race, especially on major tracks.

'HI' FOR LOCAL MAN

Space Radio Robot 'Oscar' Is Being Heard By Marinite

By RANDALL GOULD

Oscar's voice is being heard in Marin County.

Though Oscar is only a foot high and is several hundred miles distant, several residents have heard him hollering "Hi!"

Oscar is a gold-plated 10-pound robot radio fired into space Wednesday from Vanderberg Air Force Base and now coming over Marin County twice daily.

He's a pretty odd and interesting fellow, according to Robert E. McCabe of 196 Crest Drive, Novato, who seems to have heard him louder and clearer than almost anybody hereabouts.

McCabe is a radio equipment man for Marin Municipal Water District and he's at home recovering from influenza, hence in good shape to listen to Oscar—so named because he's an Orbiting Satellite Carrying Amateur Radio.

Others have heard Oscar but McCabe is considered best off in Marin County because of two things: He has the right equipment and he listens from " 'way out in the middle of nowhere" as he describes his location.

Waiting patiently, McCabe caught Oscar's first "Hi!" at 11:44 a.m. Wednesday and heard it repeatedly until 11:48. (About that "Hi!"—it's in code—four dots, two dots—and picked mostly to be distinctive.)

Next hearing was 94 minutes later when McCabe heard Oscar for eight minutes.

Since then the pattern has become clear. Every half-day passage over Marin, Oscar can be heard three times with the middle time loudest and longest because he's nearest overhead, says McCabe.

"He just pops suddenly over the horizon," McCabe describes how the signals reach his earphones. Reception is "line of sight" like TV and FM.

A lot can be learned from the way this signal comes in, McCabe says. There's a pronounced "Doppler effect," for instance — approaching, the waves travel faster and the tone is louder, while departure means a lower tone as most folk have noticed in listening to train whistles. This can be worked out into quite accurate measurement of Oscar's speed.

The speed seems to be greater than expected, and Oscar is warmer than was expected, too. McCabe says you can tell about the warmth by the fact that the signal sounds faster than expected. Moreover, the warmth is making the expected 145 megacycles on the two-meter band come about 20 kilocycles lower.

Oscar's speed is also shown by the fact that he's buzzing around a bit quicker than anticipated. During Marin County daylight hours McCabe says Oscar moves north to south, during dark hours south to north. Work that out—it can be done.

The reason for the gold plating, says McCabe, is to control Oscar's temperature. Paint him black and he'd get hotter. Aluminum paint could cool him off a bit more, probably, than the gold provides.

McCabe, known to fellow hams as W6YME, hasn't felt up to sending in reports but may later for they have been requested. Amateurs everywhere are asked to tell time and strength of signals with other pertinent matter in communications to Oscar, P. O. Box 183, Sunnyvale, Calif.

But that's just Oscar's representatives — Oscar himself won't be down for quite some time though his batteries are expected to keep him hollering for about a month.

Retiring From Theater Group

SACRAMENTO (CNS)—The retirement of one of the most familiar legislative advocates on the capitol scene has been announced by the Northern California Theater Assn.

Mrs. Hulda McGinn has retired after 37 years with the theater group.

V. Dennis Kennedy has been named director of public relations of the NCTA to succeed Mrs. McGinn. He also will function as legislative advocate for the association, which represents all major theater owners in California.

Tiburon Dumping Hazard Increases

Dumping of rubbish on Mar West in Tiburon between the Tiburon Peninsula Club and Tiburon Boulevard is becoming an increasing health and fire hazard, according to Tiburon Fire Chief Frank J. Buscher Jr.

Signs forbidding dumping, have been posted in the area but have been torn down, Buscher said.

Despite the fact that the county's burning has been lifted, it is still necessary to obtain a permit to burn after 11 a.m. in the Tiburon Fire District, Buscher added. Permits can be obtained by calling the fire department. Permits are necessary for incinerators.

GERMAN DOLLS on a metronome are among more than 500 dolls in the collection of Claudia Robinson of Loch Lomond. The laughing boy and the crying little girl have bisque heads. The daughter of Gen. and Mrs. Donald B. Robinson, Claudia has dolls of almost every make and description and representative of every country in the world.

INCLUDED IN the young girl's collection are glass enclosed replicas of the music room and boudoir of Marie Antoinette. For the boudoir, pictured above, Claudia's mother made the needlepoint carpet.

Fabulous Collection Of Dolls

Claudia Robinson's Little Family All Dressed, Waiting For Santa

By PATRICIA ZINN

For more than a week now Claudia Robinson's "family" have been ready, in hopes that St. Nicholas soon would arrive.

The "children" are tucked all snug in their beds and their miniature stockings are hung by the chimney with care in the Doll Room which houses more than 500 dolls in the collection of the 13-year-old daughter of Gen. and Mrs. Donald B. Robinson of Loch Lomond.

"Although Claudia doesn't play with her dolls anymore she enjoys arranging them" says her mother, who handed down her own small group of 15 dolls to her daughter to start the collection. Each year the Robinsons have given their daughter a Hummel doll at Christmas and Claudia has informed her parents not to ever let a Christmas go by without a doll, until, "I tell you when to stop." Says Mrs. Robinson "She hasn't told us to stop yet."

This little girl's love for her dolls has developed through the years into an avocation. And Claudia is now quite an authority. On a trip to Europe with her parents this summer, she spent half her time in the doll markets.

Her collection includes dolls of almost every make and description and is representative of every country in the world. She even has one from the Paris Flea Market. Her valuable and rare dolls are outstanding, from the 160-year-old English wax doll of Claudia's great grandmother to the Bye-Lo dolls which were manufactured only for four years during the depression. The collection runs the full gamut from German dolls made on a metronome to Parian and Raggedy Anns and Andys made by her mother.

The doll room also contains replicas of Marie Antoinette's music room and boudoir and three life size little girls arrayed in copies of the three uniforms which Claudia has worn since she started at the Dominican Lower School.

That Claudia treasures her dolls is borne out by the fact that she has an individual name for each one. Her favorite is a "Blue Baby," a rag Kewpie doll, while her mother likes "Bye-Lo Baby" best. The eighth grade student has in addition to those given by her parents and friends come by dolls through friends as an 80-year-old lady who gave her two China heads. Claudia and her mother managed to find limbs and a torso for the creation of two beautiful dolls.

Several of the dolls have managed places of honor in Claudia's bedroom and are almost lifelike in their positions on her bed.

But the Robinson family's greatest concern and especially Claudia's is her Maltese puppy "Cissy Herself" who likes to acquaint herself with the dolls at the opening of a door.

In addition to dolls, Claudia is also a collector of animal families, and another interest is in the field of science.

Understandably then, among Claudia's gifts at Christmas are sure to be included several dolls.

'SINGING CAROLS' in the Doll Room of the Robinson home are three dolls dressed in miniatures of the uniforms which Claudia has worn since she started Dominican Lower School. The uniform she now wears as an eighth grader is modeled by the doll on the right. Each year the Robinsons have given Claudia a Hummel doll at Christmas.

WITH A PORTION of her collection in this view of the Doll Room, Claudia holds her mother's favorite "Bye-Lo Baby," while her own choice, "Blue Baby," a kewpie doll, is in the foreground. Claudia has become quite an authority on dolls and spent three months last summer combing the doll markets in Europe. (Independent-Journal photos by Bob Hax)

BOUND FOR HAWAII

Aboard the Matson liner SS Matsonia bound for a Hawaiian vacation are sisters, left, Nancy and Mary Milliken. The girls are traveling with their parents, Mr. and Mrs. William Milliken of San Anselmo.

Mrs. James T. Hines Elected President Of Star Of Sea YLI

Election to the presidency Tuesday night was the culmination for Mrs. James T. Hines of Mill Valley of a series of offices she has held in the 11 years that she has belonged to the Star of the Sea Institute No. 97, YLI, of Sausalito.

Her other offices have been first and second vice presidents, marshal and inside and outside sentinels. She also was deputy to the Rosarium Institute in Larkspur last year.

The new president plans a mission project for Indians in Arizona who need clothing, reading materials and such things.

Isabelle Hines is a native of California, having been born in San Francisco, and she and her husband, who is in the wholesale produce business in San Francisco, have lived in Marin County since 1936, in their house at 2 Oak Street, Mill Valley.

They have two sons, James T. Hines Jr., a staff sergeant in the U.S. Air Force, and John Joseph Hines, who lives in Petaluma with his wife and two children.

MRS. JAMES HINES

Since 1953 the Hineses have had a total of 18 foster children in their home, but have none now.

Mrs. Hines is very active in the events of Our Lady of Mount Carmel Church, and in her leisure hours, when she is not occupied as a vocational nurse, she likes to play tennis and read, particularly political literature.

Other officers elected to serve with Mrs. Hines at the meeting held in Perry's Hall, Sausalito were Miss Elizabeth Brennan, first vice president; Miss Eleanor Martinez, recording secretary; Miss Mary Folli, financial secretary; Mrs. Arthur Jewett, treasurer; Mrs. Anthony Mederios, marshal; Mrs. Frances Ferrario, inside sentinel; Miss Alice Van Houtte, outside sentinel; and Mesdames Frank Freethy, George Hospodar and Irene Young, trustees.

The offices of second vice president and organist will be filled at the Jan. 9 meeting of the group.

MIND YOUR MANNERS

Teen-Agers Need Know Gift 'Whether And What'

One holiday dilemma facing teen-age girls, is "to give—or not give," and it involves gift giving etiquette. Herewith a girl-guide for gift-giving guys.

Plan ahead: It's nice getting gifts—but it's just as nice giving them. If you know in advance that your beau is gift-ing you, have a present ready for him. If you don't know, have a festively wrapped token on hand—just in case.

What to give: If what to give is your concern, try some feminine strategy. Invite your beau over to listen to records, while you listen for comments about his disc-likes and dislikes. Let him talk about hobbies, sports, authors, books, tools, things he likes. He might just reveal his tastes and preferences if you ask him to suggest gifts for your father or brother.

The best time to exchange gifts is on Christmas Day. If he doesn't suggest it, you might ask him to stop by to see your tree decorations.

If you open his gift while he is there, your enthusiastic "thank you" will suffice; if he's not around call, or write him a note. If his gift is wearing apparel, wear it when you're with him.

The spirit of Christmas: If you're tempted to exchange or return his gift, stop and think about the basic Christmas rule: kindness. If his gift is something you already have, would not select, or just don't like, keep it anyway. Remember, he chose it for you.

Tamelpa Parlor Plans Party For Children

Members of Mill Valley's Tamelpa Parlor No. 231, Native Daughters of the Golden West, will hold their annual Children's Christmas Party Dec. 19, at the Outdoor Art Clubhouse.

Entertainment and movies will follow a 6:30 p.m. potluck dinner and the arrival of Santa who will distribute gifts to all the children.

THE PARENTS' CORNER

Guidance Counselor

Versatile, Durable, Safe Gifts Are Best For Child

People often ask me about children's Christmas presents. In the old days I could answer them confidently. I was an authority on gifts. Then my own children came along, and theories went out the window. My kids prefer gifts the experts say they shouldn't like! Do yours? I'm slower to give suggestions, now.

What should you get for your children? I've only three very general tips for you. One is to get presents which can be used in several different ways. Most children enjoy using their imagination. A set of large blocks will keep your preschooler busy for years. The blocks will be cars, airplanes, houses, forts, boats. They'll be furniture, space ships, or what have you. Toys which are limited to one use are apt to be less interesting.

My second idea is to get durable gifts. Little boys are rugged. Girls aren't very gentle. An amazing percentage of all Christmas gifts are broken before bedtime Christmas day. Choose things which can stand the blows of strenuous childhood.

Third, pick relatively safe gifts. Remember your child's age and judgment. Every year after Christmas the papers report deaths of children who got bikes too soon, or guns before they knew how to use them. Even skates are dangerous, in some situations.

Pick the gift for the child. You know your children better than anyone. Don't play favorites. Each youngster needs to feel that you are fair.

READERS' FORUM

(Q) "My daughter attended an open house given by her boy friend's parents. While there she was offered an alcoholic drink. She is only 14. I'm mad enough to have those people arrested? Do you think I should?" Mrs. S.V.L.

(A) I can understand your anger. However, having them arrested would do more harm than good. I suggest you let them know you disapprove. Ask them not to repeat their mistake. Then if they ignore your wishes you could go to the police. But they'll cooperate, I'm sure.

Childproof Dough Keeps Helpers Busy

When small "assistants" dog your footsteps during busy holiday preparations, put them to work making molasses cookies.

Dough for this old-fashioned confection is fairly childproof, it isn't spoiled by overhandling, and it doesn't stick to the hands or pastry board.

Sift 2 cups of all-purpose flour. Then sift together the flour, ½ teaspoon each of salt, soda, and nutmeg, 1 teaspoon each of baking powder, ginger and ground cloves, and 1½ teaspoons of cinnamon. Cream together ½ cup each of shortening, sugar and unsulphured molasses. Add 1 egg yolk. Mix well. Stir in spice-flour mixture. Mix well. Chill. Roll dough ¼ inch thick on lightly-floured board or pastry cloth. Cut with 5-inch gingerbread man cookie cutter. Place on ungreased cookie sheets. Bake 8 to 10 minutes in preheated 350-degree oven. Cool.

Decorate with ornamental frosting. Sift together 1¼ cups of sifted confectioners' sugar and ⅛ teaspoon of cream of tartar. Add 1 egg white and ¼ teaspoon of vanilla. Beat with a rotary or electric beater until frosting holds its shape. Cover with damp cloth until ready to use.

Novato Junior Club Staging Yule Bazaar

The Junior Women's Club of Novato is holding a Christmas Bazaar at Brice Bros. in the Nave Shopping Center today and tomorrow.

Handmade gifts, made by the members will be on sale. Proceeds will go to the operating costs of the club. All funds from other projects during the year are donated to charitable organizations.

Chairman of the event is Mrs. Jack Kidder. Co-chairmen are Mesdames Marlin Olsen and Donald Deboi.

SOUTH OF THE BORDER

with the Independent-Journal tour to South America makes an exciting Christmas Gift.

Auxiliary Makes Donations

The Donald V. Westlund Auxiliary No. 7816, Veterans of Foreign Wars of Novato, recently distributed 413 cupcakes, 122 magazines and four boxes of Christmas cards to the men and women veterans at the Yountville Veterans home.

The Auxiliary also contributed $30 to help buy small gifts for the veterans.

Several gifts have been made by the Auxiliary to other organizations and families. Included were: Checks to their Scout, Brownie and Blue Bird troops; two Christmas boxes of groceries and checks to two needy families in Novato, a check for $30 to the Cancer Society, $30 to the Veterans of Foreign Wars Widows and Orphans Home and a check to the Soss scholarship fund.

Auxiliary members will have a Christmas party at the home of Mrs. Harold Harker at 628 Wilson Avenue, instead of the next regular meeting at 8 p.m. Dec. 21.

Movies Tomorrow In Lynwood School

The last in a series of movies sponsored by the Lynwood School P-TA in Novato, will be shown at 1 p.m. tomorrow in the multi-purpose room of the school. If the turnout is satisfactory, they will be continued after the first of the year. There is a small charge for children, but parents accompanying the children are admitted free.

For Hors D'Oeuvres

Paper plates and waxed oaken bucket containers are perfect for serving moist and salty hors d'oeuvres and snacks such as potato chips, pretzels, popcorn and nuts.

THE BETTER HALF By Bob Barnes

"If you don't stop gritting your teeth, the only Christmas present you'll need is a new partial plate."

Gray Ladies Capped In Formal Rite

Receiving caps and pins at a capping ceremony yesterday at Sonoma State Hospital were Mesdames Albert Vanbianchi, Alfred C. Laemmert, E. John Shockley, Paul W. Hopkins and John Mott.

They were presented by Mrs. Halleck O'Brien, superintendent of nurses, and Mrs. Verne MacFarlan, chairman of Marin County Gray Ladies who work at Sonoma.

These women have completed Red Cross Gray Lady training, a six-hour hospital orientation and an eight-week probationary training period and are now certified and ready to assume volunteer duties at Sonoma.

Following the morning affair they joined Mesdames Robert Caughell, Kella Lester, Len Carney and Verne MacFarlan in giving the annual Christmas party for 109 Sonoma patients. They were entertained with games and singing and served refreshments, and all received decorated packages of candy made by the Marin Gray Ladies.

Mrs. America Hoping For A Mink In Her Christmas Stocking

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI)—Mrs. America is thinking mink for Christmas.

A study of America's gift-buying habits finds that women are hoping for a fur coat or other fur piece, preferably mink, in their Christmas stocking. The study shows also that men are checking feminine gift wants, because one out of every five women expects to get her most wanted present.

The research is part of a continuing series on the American gift market, done by an independent research firm for the Chicago Printed String Co., manufacturers of gift wrappings and ribbons.

The researchers' report is based on 250 telephone interviews with husbands in five major market areas — Chicago, Philadelphia, Los Angeles, Dallas and Atlanta. The studies were made among middle to upper income groups, on a random sampling.

Average age of the husbands interviewed was 42 years; average family income, $7,200 yearly; and average family size, 3.6 persons.

The researchers estimated that the Christmas gift purchases this season will run to $8.05 billion, compared with $7.7 billion in 1960, and $7.35 billion in 1959. The 1961 average that each family will spend on Christmas is $161.

Their study concluded that the average husband gives his wife between two and three presents each Christmas for a total cost of $32; that one in every six husbands generously doles out more than $100 for his wife's wishes; and that nearly 49 per cent will give their wives only one present.

The husband's average purchase at $11.38 per gift runs more than double what his wife usually spends, or $4.58 per gift.

Clothing proved to be the most popular gift the men planned to give their wives, and expected to get in return.

Items other than fur on the women's want lists included jewelry, dresses, household appliances, television sets, radio and high fidelity equipment, robes, and large appliances such as refrigerators and ranges.

The researchers estimated that the tie purchases at Christmas will total 150 million, an average of three per man, and enough, placed end to end, to circle the equator three and one-half times.

MARIN'S SOCIAL WHIRL

Old Friends Have A Reunion At Mrs. Johnson's Luncheon

By FLORENCE DONNELLY

Old friends had a grand reunion at the Christmas luncheon which Mrs. Harry D. Johnson gave Wednesday at her new and lovely apartment at 2790 Green St. in San Francisco. It was in honor of Mrs. Ralph W. Palmer of San Rafael, who recently returned from a trip to Washington, D. C. Mrs. Johnson, nee Lichtenberg, was reared in San Rafael in the old family mansion on Locust Avenue, which is being sold.

Her guest list included three erstwhile Marinites Mesdames Preston McKinney, C. E. Greenfield and William B. Hetfield, who now live in San Francisco, and Mrs. Hetfield's cousins, Mrs. Frank Howard Allen and the latter's sister, Mrs. Uda Waldrop, and Mesdames Raymond Hill, Paul Scott Foster, Palmer and Miss Elsa Korbel all of Marin.

WHEN MRS. NORMAN B. LIVERMORE of Ross returned from her recent extended trip East, she hurried to San Ramon to see the latest addition to the family, the twin children of her son, Robert Livermore and his wife, the former Jean Reid Everett. Maternal grandparents are Mr. and Mrs. Wallace W. Everett of St. Helena. The twins, a boy and girl, have been named Robert, who'll be called Robbie, and Sarah. They have two sisters, Caroline, named for her paternal grandmother, who is nearly four years old, and Lauren, three. The two little girls are staying with the senior Mrs. Livermore. She visited in the East, with her sister, Mrs. Clifford D. Mallory, who has an apartment in New York City and a farm at West Redding, Conn., where they spent most of the time, and where the coloring of the trees and shrubs is glorious this time of year.

ANNUAL BAUBLE PARTY of the Bill Witters of Belvedere is being held tonight. They've invited 30 guests who are bringing ornaments for the Witters' Christmas tree. Ornaments will be divided into three categories, beautiful, unusual and funny, and prizes will be awarded in each group.

THE SAN FRANCISCO YACHT Club in Belvedere will be the setting for the dinner dance Dr. and Mrs. Corwin Hinshaw of Belvedere and their son and daughter-in-law, Dr. and Mrs. Horton Hinshaw of Strawberry are hosting tonight. Most of the hundred guests are all friends associated in the medical profession. Present from Marin will be Vice Adm. and Mrs. M. D. Willcutts, Doctors and Mesdames Robert Watkins, Chester Noyes, Henry Brainerd, William Eastman, Kemp Dowdy, Joseph Furlong, Richard Hahn, Byron Hall, Russell Klein, William Manson, Benton Mathews, Russell Merret, Raymund Millzner, Edward Maughler, Robert Pumphrey, John Siemens, Bernard Stone.

Other guests will be the Corwin Hinshaws' son-in-law and daughter, Mr. and Mrs. Mitchell Baird of Mill Valley, another daughter, Miss Dorothy Hinshaw, a senior at Stanford University, and Byron Hall Jr., who attends Lewis and Clark College in Portland, Ore. The yacht club and many of the yachts berthed there will be outlined with colored lights for the party. A name orchestra will play for the dancing.

Joining the family group at the Corwin Hinshaws' home on Christmas will be their other son, William Hinshaw of Los Angeles, his wife, and their son, Michael Corwin Hinshaw.

COMDR. AND MRS. Harold H. Horne of Belvedere are holding a potlatch party on New Year's Eve. For those unfamiliar with the term, a potlatch is an Indian festival at which chiefs of different tribes vie with each other in giving away expensive gifts to their guests. The Hornes have invited a large number of people from the area for the festivities and a group of out of towners will include Mr. and Mrs. George B. Joyce of Everett, Wash., Mrs. Frank Shepard of Seattle, Wash., Lt. and Mrs. William Holt of Miami, Fla., and Capt. Harry E. Day of Honolulu. George Joyce will impersonate Chief Seattle, wearing feathered regalia.

Wine Tasting To Preview Art Exhibit

Invitations have been mailed to a wine tasting preview to be held tomorrow evening at the Dick Ford Gallery in Mill Valley as the opening of an exhibit of paintings depicting the "Twelve Days of Christmas."

The large oil paintings by Ford done in abstract and realistic styles are titled following the song: "A Partridge On A Pear Tree," "Two Turtle Doves," "Three French Hens," "Four Calling Birds," "Six Geese A-Laying," "Seven Swans A-Swimming," "Eight Maids A-Milking," "Nine Ladies Dancing," "Ten Lords A-Leaping," "Eleven Pipers Piping," and "Twelve Drummers Drumming."

The show will continue through the middle of January.

ALMANAC

Today is Friday, Dec. 15, the 349th day of the year with 16 to follow in 1961.

The moon is approaching its full phase.

The evening stars are Jupiter and Saturn.

On this day in history:

In 1791, the Bill of Rights, or the first ten amendments of the U. S. Constitution, went into effect following ratification by the State of Virginia.

In 1860, Sitting Bull, chief of the Sioux Indians, was shot and killed in South Dakota, following a skirmish with federal troops.

In 1948, a federal grand jury in New York City indicted Alger Hiss, a former state department official, on two perjury counts.

In 1957, a series of earthquakes struck in western Iran killing 1,392 persons in a series of shocks that began Dec. 13 and continued through Dec. 17.

A thought for the day: American author F. Scott Fitzgerald said: "The test of a first-rate intelligence is the ability to hold two opposed ideas in the mind at the same time, and still retain the ability to function."

West opened the jack of clubs, and dummy's queen was covered by the king. South won with the ace at once, for fear of a switch to diamonds, and tried the spade finesse.

If dummy's queen of spades held, South was home. He could afford to lose two diamonds and one club and would ruff one club in dummy.

As it happened, the spade finesse lost to East's king. This was the second bad break for declarer, and now he needed good luck to make the contract. To be specific, South could make the contract if the spades broke 3-3 and the trumps 3-2. The odds were about 4 to 1 against both suits breaking favorably.

GOOD DEFENSE: The opponents put up a good defense by collecting their club trick and then leading another club. If South ruffed the third club in dummy, he would eventually have to lose two diamond tricks.

To avoid this sad fate South threw a diamond from dummy when the third club was led. The diamond switch went to South's ace, and declarer cashed the ace of spades and ruffed a spade.

The spades broke, and now declarer could draw three rounds of trumps ending in dummy with the queen. This drew the trumps and put South in dummy to run the spades and discard two low diamonds.

New Theory About The Earth —It Must Have Two Tails

YOUNG STARS AT PREMIERE

Actress Natalie Wood, whose marriage to Robert Wagner broke up earlier this year, arrives for the Hollywood premiere of "West Side Story" with actor Warren Beatty. Beatty, a rising young star and brother of actress Shirley MacLaine, was engaged to British actress Joan Collins until recently. (AP Wirephoto)

Gegenschein Theory Is All About Light

NEW YORK (UPI)—The freshest scientific word on good old Gegenschein is that the earth must have two tails instead of one. If in addition to its gas tail it has a dust tail you could understand the Gegenschein beyond any quibbling.

This is the view of astronomers John C. Brandt and Paul W. Hodge, and it is a new idea concerning that oval and soft glow which appears against the sky on very dark nights opposite the position of the long-gone sun.

This is Gegenschein, a spot of slightly brighter glow in the dim zodiacal light along the ecliptic arc the sun had followed during the day. All zodiacal light, including Gegenschein, is blotted out by moonlight even by the light of the Milky Way.

Zodiacal light is explained by the presence of tiny particles in orbit around the earth just as the moon is. The sun illuminates them as it illuminates the moon but they are so tiny the reflection is tiny, too. A relatively few such particles could explain zodiacal light.

But it doesn't explain why the oval patch of Gegenschein appears high up along the arc. The best previous explanation is that since it is opposite the sun, the orbiting particles would be "in phase" with the sun, thus producing a slight intensifying of glow.

However, Brandt and Hodge said, the Gegenschein usually is about three degrees west of precise opposition to the sun which casts doubt on the "in phase" theory. Nor does the gas tail theory hold—if it did the Gegenschein couldn't be slightly redder than a red sun.

The gas tail are gases drawn off the earth by electro-magnetic fields between planets. Now, if there was also a dust tail to the earth, the Gegenschein would be explained because then the place where it glows would represent a point of concentration of orbiting dust particles.

Brandt and Hodge relied upon data gathered by America's recording satellites. Their recordings have shown the earth is surrounded by much more orbiting dust than anyone had suspected. In fact, they show the earth "is surrounded by a concentrated dust layer," the astronomers said.

"It seems reasonable to suggest that this localized source of dust in the immediate vicinity of earth is sufficient to maintain a dust tail for earth," they said. "If such is the case, then earth has a dust tail as well as a gas tail."

And when earthlings see Gegenschein, they "are looking down the axis of the tail."

As to where all this orbiting dust came from, they cited the theory of the distinguished astrophyicist, Dr. F. L. Whipple. He recently suggested that meteorites colliding with the moon would throw up great clouds of moon dust. Under certain conditions some of these dust particles would have enough velocity to escape from the moon, only to be pulled into the orbit around the earth.

Brandt and Hodge are members of the faculty of the University of California, Berkeley.

Yule Stocking Will Be Stuffed

NEW YORK (AP)—Santa Claus will stuff the nation's collective stocking as never before.

This is said without losing sight for a moment of the grim exceptions—the hard core of unemployed whose outlook is no whit the cheerier for the season; the areas here and there that have been hard hit by drought or storms or disappearing industries; the companies and whole industries whose problems seem to mount.

But for the majority, and averaging out the statistics for the nation as a whole, it's a most prosperous Christmas.

Retail trade is setting a record with the last-minute rush still to come.

Industrial production, as a whole, is at the highest point in our history. So is the average takehome pay of the factory workers.

Many stocks are at peak prices, with the popular stock indexes at or near a record.

Total dividend payments are setting a record this year, with many companies declaring specials for the yearend. Employee Christmas bonuses are being announced by many firms.

Employment has never been higher at this time of year. Even unemployment, stubborn as it is, represents a lower percentage of the total labor force than it did earlier this year. And in recent weeks factories have recalled many laid-off workers.

And the flood of predictions for 1962—for what they are worth — concentrate on better times ahead. They vary largely in just how much better the individual soothsayer definitely thinks times will be.

"We have definitely passed from the recovery stage to the expansion stage," says William McChesney Martin, chairman of the Federal Reserve Board. He bases that on the November performance of the board's industrial production index. Its latest month's spurt took it to a record.

As one result, corporate profits for the final month of the year are expected to advance sharply from the totals announced for the July-September quarter. Many industries expect profits to range well above the returns in the final quarter of 1960.

The rush of Christmas shoppers is pleasing not only the merchants but also the manufacturers of consumer goods. They are counting on store buyers being in a spending mood both for replacement and new goods.

Happiest of all could be the auto makers and dealers. The spurt of new car sales is causing the makers to set high production schedules for the period just ahead. Some are talking confidently of another seven-million car year, comparable to the record 1955 volume.

And being car-minded, Americans in general tend to absorb this confidence. When the auto industry is booming, the belief is, every other one should soon be, too.

Hyperventilating Persons Really Perplex Scientists

New York (UPI)—People who hyperventilate are never able to tell curious scientists why they do, and it isn't easy to find out what hyperventilation does to them.

Hyperventilation is the scientific way of saying over-breathing. The lungs are overly inflated. It is a common symptom found in persons who are emotionally wrought habitually.

A young medical scientist hyperventilated himself for four hours and 11 minutes, which may be some kind of record. It was in the interest of science.

Dr. Benjamin B. Okel, 29, of Emory University, Atlanta, Ga., said it has drawbacks and potentially harmful consequences. There is an abiding sense of giddiness and it is impossible to concentrate. Then come tingling and muscle spasms.

Most people find it impossible to hyperventilate. The automatic reflexive breathing mechanism is in command and is not to be disturbed. People who habitually hyperventilate are largely scientific mysteries. Hence the experiments of Okel and his professional senior, Dr. J. Willis Hurst.

First, they had to lay out a technique for overbreathing. With a catheter in his nose which led to a recording instrument, Okel taught himself how to keep the carbon dioxide level in the lungs air pockets at about one half of normal by controlling the rate and depth of his breathing.

He then taught three other volunteer guinea pigs how to do it, two medical students and one medical teacher. All of them found that deliberate over-breathing was difficult for the first half hour and then became effortless.

It had always been assumed by medical science that people who hyperventilated on occasions were exhausted by it. But with three of the four experimenters it was not tiring at all.

But potentially dangerous things were happening in their blood chemistry. Its acid-alkaline balance moved over on the alkaline side. There were marked changes in the balances of substances; particularly the inorganic phosphorus concentration dropped drastically.

These changes probably account for the alarming results of hyperventilation, Okel and Hurst reported to the American Medical Assn. These are muscle spasms.

Young Novatan Is Jailed For Exposing Self

A young Novato astronomist, who lectures regularly at Morcisco, was jailed yesterday on a charge of indecent exposure to children of Loma Verde School.

The suspect is Oran R. Norton, 24, of 856 Pine Street, Novato. He was arrested in his small foreign car near a Loma Verde School bus stop by Inspector Bowen Bridges of the sheriff's office. He and his wife moved from San Francisco to Novato last April.

Inspector Bridges described Norton as a "highly respected lecturer" at the Planetarium.

Bridges quoted Norton as saying, "I'm truly glad I've been caught." He said Norton explained he has been under pressure and "needed some kind of release."

Residents of Loma Verde had complained to the sheriff that a man would drive up to a school bus stop where boys and girls were waiting for the morning bus and expose himself inside the car.

Less 'Togetherness' May Produce Creative Children, Study Shows

CHICAGO (UPI) — The less well-adjusted marriages that lack "togetherness" are most prone to produce creative children, a recent psychiatric study indicates.

"Open hostility" frequently found in such marriages actually appears to encourage creativity in the children, the study indicated.

Drs. Paul S. Weisberg and Kayla J. Springer of the department of psychiatry, Cincinnati General Hospital, reported on the study in the current Archives of General Psychiatry, published by the American Medical Assn.

They based their findings on a study of 32 fourth-grade boys and girls, all with intelligence scores in the gifted range.

Creativity tests of the children and psychiatric interviews of both the children and their parents led to these generalizations about the family of the creative child:

"It is not an overly close family unit, with little clinging to each other for support. Nor is it a particularly well-adjusted marriage."

Sexual adjustment in the marriage was reported generally "mediocre," with dissatisfaction most often stemming from frigidity in the wife rather than "overt inadequacy of" the husband.

Regarding the causes for hostility in these families, the study indicated that each parent saw the marriage and family life in different terms and was "not always calm" in expressing strong feelings.

The parents did not, however, use anger to press their values on the children, the study showed. The children appeared able to resolve their anxieties by a "fantasied restructuring of the environment" rather than repressing themselves.

Other aspects of the creative child's family pointed up by the study:

1.—The mother tends to be ambivalent in her maternal feelings, but both parents, individually, have a close relationship with the child.

2.—The father generally commands some authority, both at work and at home.

3.—The parents are rarely disturbed when the child regresses; that is acts babyish.

4.—The creative child is often an elder sibling, but not a particular favorite of the family.

CITY COUNCIL OF THE CITY OF NOVATO
RESOLUTION NO. 45-61
RESOLUTION GIVING NOTICE OF PROPOSED ANNEXATION TO CITY OF NOVATO OF UNINHABITED TERRITORY DESCRIBED HEREIN AND DESIGNATED "SIMMONS LANE NO. 2" AND GIVING NOTICE OF TIME AND PLACE FOR HEARING OF PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF NOVATO:

1. That, pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory, by area and by assessed value as shown on the last equalized assessment roll of the County of Marin, was filed with the Council of the City of Novato on November 28, 1961, requesting annexation of the hereinafter described territory to said City.

2. That the territory which the petitioners request be annexed to the City of Novato and which said City and its Council propose to annex, is situate in the County of Marin, State of California, hereby designated "SIMMONS LANE NO. 2," AND described in Exhibit "A" attached hereto and made a part hereof.

3. That the proposal for annexation and the description of said territory was submitted to the County Boundary Commission of Marin County, California, and the attached description is in accordance with the report of said Commission.

4. That Tuesday, January 9, 1962, at the hour of 8:15 p.m., in the Council Chambers in the Community Building, 906 Machin Street, Novato, County of Marin, California, is hereby fixed as the time and place when and where any person owning real property within the uninhabited territory above described and proposed to be annexed to the City of Novato, and having any objections to the proposed annexation, may appear before the Council of the City of Novato and show cause why such uninhabited territory should not be so annexed to the City of Novato. The protest must be in writing, may be filed at any time before the hour set for hearing objections to the proposed annexation, and shall state the name or names of the owner or owners of property affected and the description and area of such property, in general terms.

5. The City Clerk of the City of Novato is hereby authorized and directed to cause a copy of this resolution to be published at least twice, but not oftener than once a week in the Independent-Journal, a newspaper of general circulation published in the County of Marin and in the Novato Advance, a newspaper of general circulation published in said City of Novato, the City to which it is proposed to annex the aforesaid territory, said publication to be complete at least twenty (20) days prior to the date set for hearing.

6. The City Clerk is directed to cause written notice to be given to such other persons as may be legally entitled thereto, in the manner required by law.

I, J. Julien Baget, Clerk of the City of Novato, hereby certify that the foregoing resolution was duly and regularly introduced and adopted at a regular meeting of the Council of said City held on November 28, 1961, by the following vote, to-wit:

AYES: Councilmen Johnson, Silva, Angeloni, Womack.
NOES: None.

'61 BUICK SPECIAL $2450

Here's a car that our sales manager has driven all through 1961 and has only 7,000 miles on it. It's a little two-tone blue 4-dr. sedan with Dynaflow, radio heater, tinted glass and new white-wall tires that we just put on.

We've gone over this car from stem to stern to make it as close to new as possible. It will carry a complete new car guarantee just like a new one of 12 months or 12,000 miles. It's never been registered and the purchaser will be the first owner of record.

'Show Of Stars' Set New Year's For Prisoners

New Year's Day festivities at San Quentin Prison will feature the annual "Show of Stars," staged by name acts currently appearing throughout the country.

Headliners in the 1962 extravaganza will be songstress Trudy Mason, musician Barbara Hanna, dancer Karyn Kay and comic Billy Grant.

Added to the list of entertainment by San Francisco theatrical agent Bill Van Ornum, producer of the show, have been the Volantes, "Masters of the Wheel," and Georgette Twain, "The Lovely Lady of the Banjo."

Bimbo Guintoli will send his 365 Club show to the prison for the 10th successive year. A change of pace will be provided by Uncle Phil Philley's Big Western Jamboree.

The show, which runs from 10:15 a.m. until 4 p.m. in the prison's North Dining Hall, is open only to inmates, prison staff and guests.

Cellist Casals Again At U.C.

BERKELEY (UPI)—Pablo Casals, the great Spanish cellist, will again conduct a master class in the cello for the University of California Extension service in Berkeley next spring.

The class, open to performing students and auditors, will meet on the U.C. campus from April 23 to May 4.

Casals, 84, conducted his first U.C. extension master class for more than 400 auditors and performers in April, 1960. The world famed musician recently performed a concert in the White House for President and Mrs. John F. Kennedy.

Fire Proposal Protested In Homestead

Eighty-five signatures have been collected in Homestead Valley in protest against consolidation of the Homestead Valley and Tamalpais Valley fire protection districts.

This means that an election will be held Jan. 23 on whether to consolidate. At that time persons will also vote for five commissioners for the proposed combined district.

Signatures are being collected by Chester Kirby, 74, former chief of the Homestead Valley Fire Department. Said Kirby, "There's a bunch of us who are not satisfied with the consolidation and believe it should be brought to a vote of the people." He added he and others do not want to relinquish the Homestead firemen's club building to the proposed district.

Kirby said the club made an offer to lease the building for 10 years for $1 option and then, at the end of 10 years, for another 10 years for a dollar. This was turned down, he said.

Kirby said he will file his petition tomorrow with County Clerk George S. Jones. He is also to appear before the directors of the Homestead Valley Improvement Club tonight at 8 o'clock to explain his position. The meeting will be at the home of G. B. McCaughan at 328 Ridgewood Avenue.

Kirby said one out of 10 of the people he has seen regarding the petition is in favor of consolidation.

'The Snow Queen'

Sponsored by Tiburon Peninsula Chamber of Commerce, a free movie for children will be shown at the Tiburon Playhouse on Dec. 22 at 12:30 p.m. "The Snow Queen" and cartoons will be shown, according to Donald F. Donohue, theater manager.

To Share In Bonus

Employees in the San Rafael office of York and Co., San Francisco investment firm, will share in a Christmas bonus being presented by the company. The year-end bonus will be one month's salary for employees with five years or more of service, and pro-rata amounts for those with shorter service.

Marinwood Fire Commission To Take Up Chief's Status

The fire commission of the Marinwood Community Services District will meet at 8 p.m. Monday at the home of commission chairman David Dryfoos, 807 Appleberry Drive, it was announced today by Mrs. Fred Bolding, secretary of the board.

The commission usually meets on the second Tuesday of each month, Mrs. Bolding said. However, meetings are often set for other days, usually scheduled as to time and place at the close of the preceding meeting.

Monday's meeting is expected to take up the status of Fire Chief Donald G. Ray whose probationary period expires Dec. 24.

County Counsel E. Warren McGuire in an opinion sent to Mrs. Bolding in reply to her questions regarding public announcement of meetings under the requirements of the Ralph M. Brown Act, advised that meetings of the fire commission and parks and recreation commission are subject to the same regulations as to public announcement of meetings of any other public body.

Regular meetings and adjourned sessions of regular meetings do not require prior notice, he advised.

The Marinwood Community Services District board meets regularly on the third Thursday of each month at 8 p.m. at Mary E. Silveira School.

Aboard Cruiser

Robert T. Anderson, Navy seaman apprentice, son of Mrs. Lillian M. Anderson of 46 Cypress Avenue, Mill Valley, is serving aboard the guided missile light cruiser Topeka, a unit of the First Fleet which took part in Exercise Black Bear from Nov. 24 through Dec. 1 off the coast of Southern California.

Sergeant Major Named At HAFB

Sm/Sgt. William H. Endicott has been named the wing sergeant major of the 78th Fighter Wing at Hamilton Air Force Base, replacing retired Sm/Sgt. George H. Krause.

The new sergeant major joined the Army in 1933 with the 14th Cavalry. In 1938 he transferred to the Army Air Corps and served in the Eighth Air Force in England. He was a gunner in a B-14. After World War II he went to Japan to work in radar and from there to Lackland Air Force Base, San Antonio, Tex.

Sergeant Krause entered the service in 1938 as an infantryman and served in the European theater and Philippines during World War II. After the war he switched to the air force.
